A Wellsville Dealer Is Fined \$300 and Costs and Goes to the Work-house For 60 Days—Thomas Marietta, John Michaels and James Caton, of East Liverpool, All Get Entangled In the Mesees of the Law--Kemp on Trial For Salem Burglary.

Lisbon, May 9. — (Special.)—The case of Ohio vs. David Brown, of East Liverpool, for assaulting Mrs. Laura Williams, was tried yesterday. The case went to the jury last night and in eight minutes a verdict of guilty was returned. Brown was charged with breaking into the house of Mrs. Williams during the night of April 2, choking and badly injuring her. Even on the advice of his attorney, Brown refused to plead guilty. Judge Hole, as soon as the verdict was rendered, sentenced Brown to five years in the penitentiary at hard labor. Brown is 18 years of age. The evidence introduced, showing that he was intoxicated when he committed the assault and attempted burglary, may be used in a damage action against a prominent East Liverpool saloonkeeper.

Joseph Geisse, a Wellsville saloonkeeper, withdrew his plea of not guilty to the 12 indictments against him, and entered a plea of guilty on each charge. Geisse was fined \$50 and costs and given 10 days in the work-house on each of six charges, making \$300 in fines and 60 days. Six cases were nollied. He has been in the saloon business only four months.

John Arthur Davids, of Wellsville, also withdrew his plea of not guilty and was fined \$50 and costs on each of three indictments. Two indictments were nollied.

The charge against Hettie Geisse, of Wellsville, for Sunday selling, was nollied.

Thomas Marietta, of East Liverpool, was charged with selling to a habitual drunkard. He pleaded guilty and

was fined \$25 and costs. He is a new saloonkeeper.

John Michaels, of East Liverpool, furnished liquor to a habitual drunkard, pleaded guilty, and was fined \$50 and costs and ordered committed to the Canton workhouse until paid.

James Caton, of East Liverpool, pleaded guilty to selling to a habitual drunkard and was fined \$20 and costs.

Richard Gibb, of Salem, said he was guilty of assault and battery and paid a fine of \$25 and costs.

Court today appointed Thomas Atchison and James Atchison as executors of the estate of Eliza Atchison, of Unity township. Bond in the sum of \$6,000 was filed. Joseph E. Ward, Adolph Mascher and O. L. Butts are the appraisers.

Eli Bauman was appointed administrator of the estate of the late Samuel Bauman, of Knox township, to fill the vacancy caused by the death of John Bauman, former executor. A bond of \$6,800 was required.

Laura H. Williams, administrator of the estate of the late Dr. L. O. Williams, of East Liverpool, was authorized to complete a real estate contract entered into by the deceased. The land to be conveyed is 150 acres in Madison township, to John Y. Williams, of Alliance, a brother of Dr. Williams.

Harry Kemp is now on trial in common pleas court on the charge of burglary committed at the home of Mrs. Rachel Gee, at Salem, a short time ago. All of the witnesses were examined and the most convicting evidence was given by the negro himself, who told the jury that he had been around the Gee residence on the night in question, but said he was in an intoxicated condition and was irresponsible. The case was given to the jury about 2 o'clock.

## ITALIAN WOMAN IS STILL IN JAIL

Was Arraigned This Morning, and Further Hearing Deferred Until Tomorrow.

## MRS. PRICE MAY BE PRESENT

The Prisoner Greatly Alarmed on Learning That She Is Likely to Go to the Penitentiary—Actions Peculiar—Talks of Killing Somebody.

The Italian woman who assaulted Mrs. William Price a few days since, was arraigned before Mayor Davidson this morning to answer to a charge of assault and battery with intent to kill. The woman says her name is not Dill, but that it is Matursh. As she is unable to speak English it was impossible for the mayor to converse with her.

Tony Ross was secured to act as interpreter. Mayor Davidson read the charge to Ross, who in turn read the affidavit to the accused woman. She at once pleaded guilty to the charge, but it was the opinion of the mayor that she did not fully realize the significance of the charge. The interpreter gave Mrs. Matursh a full understanding of the matter, and she then denied any intention of killing Mrs. Price. She admitted having assaulted the woman, but said she did not mean to kill her.

The accused woman said Mrs. Price had a knife at the time the assault was made, and for this reason she used a stone. Her story of the affair differed in every way from that told by others who witnessed it, and the mayor decided to hold the woman until Mrs. Price is able to get down to the city hall. She will probably be present at the hearing tomorrow.

It is evident Mrs. Matursh does not realize the enormity of her crime, for the reason she insisted that she be allowed her freedom by paying \$17, which she has in her possession. When told that she was likely to be sent to the penitentiary the woman became frightened.

A reporter attempted to get an admission from the Italian woman to substantiate the claim of her husband that she had been arrested in Italy for having committed assault. She refused to say anything, however, and gave her husband a severe reprimand for having talked about her.

At times the woman becomes vicious her cell, and talks about killing somebody. Again, she will take to brooding and shed tears. The infant which is with her in the iron cage is apparently enjoying itself.

Salem, May 9. — (Special.)—The wrestling match between Charles M. Conkle, of East Palestine, and Fred Shumaker, of Cleveland, which was to have taken place at the opera house last evening, was declared off after a good deal of wrangling. He demanded that he be allowed the stakeholder and the referee and made other conditions to which Shumaker would not consent.

As a compromise the gate receipts were divided and the match declared off. The dispute nearly led to trouble. Shumaker challenged Conkle to wrestle then and there for \$500 a side, but he would not accept.

## Old Citizen Dead.

Martin's Ferry, May 9.—Wm. F. Orr, a prominent Democrat, is dead, aged 73.

## HASHISH VICTIMS IN EAST LIVERPOOL.

The startling discovery has been made that several young men of East Liverpool have become addicted to the use of the deleterious and dangerous drug, variously known under the names of hashish, India hemp and cannabis indica.

The drug is widely known among scientific men and is much used in the Orient for its narcotic and intoxicating effects. It is said to induce pleasant visions and remarkable dreams, but is extremely dangerous, and more harmful in its effects than opium or any other of the well known narcotics.

It comes from reliable authority that at least two well-known young men of this city and an elderly man have become so addicted to the use of the drug as to greatly impair their physical and mental ability. One man was so overcome by an overdose of the deadly drug that he lay for 48

hours in a stupor and the most strenuous efforts of an accomplished physician were necessary to arouse him. When he was finally resuscitated he awoke exclaiming: "Oh! What funny dreams I've had." His physician gave him a solemn warning that more "funny dreams" from that source would be induced only at his peril; that the drug was one of the most dangerous known to the medical world, and if the patient must use it at all, he could only do so with any degree of safety by following the directions of a skilled physician.

There are said to be a great number of hashish victims in the city. The cases cited are well-known and can be vouched for. The drug is said to be sold indiscriminately in the city, and the News Review's informant states that such sale is a public menace to the morals and health of the community, to check which every effort should be used.

## FOSTER BANKRUPT

EX-GOVERNOR OWES \$747,000 AND HAS NO ASSETS.

Petition in Voluntary Bankruptcy Filed in United States Court at Toledo.

Toledo, May 9.—Charles Foster, twice governor of Ohio and once secretary of the United States treasury, who broke up in booming his native town of Fostoria, has filed application to go into voluntary bankruptcy. He appeared in the office of the clerk of the United States court about 2 o'clock yesterday accompanied by his attorney, Judge John McCauley, of Tiffin, and arranged to file his application. But the formal filing of the schedules of indebtedness was delayed until the necessary signing up could be attended to. It was learned in advance that the indebtedness sworn to amounts to \$747,008.34, and that the distinguished applicant claims to have no property left with which to offset the indebtedness.

The ex-governor seemed in his usual spirits, notwithstanding this evidence of his financial reverse, and, while waiting to attend to signing the papers, spoke of going on a fishing trip today to Middle Bass.

Andrew M. Cuthbert, of the West End, and Miss Florence Gregory, formerly of Laurel, Ind., were united in marriage at 8 o'clock last evening by Dr. C. G. Jordan at the Presbyterian parsonage.

The groom is a potter by trade and is well and favorably known throughout the city, while the bride is a very popular young lady, having been employed in the store of D. W. Ogilvie, where she became widely acquainted.

The wedding was followed by a reception and supper at the home of the groom, after which the happy couple left for a short honeymoon in the east, and will probably visit the Pan-American exposition on their return trip.

Mr. and Mrs. Cuthbert will make their home at Pleasant Heights, in the West End.

### A HUGE GERANIUM

The largest geranium ever sold in the West End, or perhaps in this city, was purchased by a Wellsville lady at Chal Peterson's green house yesterday afternoon. The plant was more than four feet high, and had several blossoms upon it that measured seven inches across. Mr. Peterson says it is the largest one he ever raised. Plants of this size are too expensive for the general trade.

Famous Hagenback Herd Now With the Robinson Circus.

At the great Water Carnival in Germany every year, a feature of the festival is always furnished by Hagenback, the world-famous dealer in and trainer of animals. Residents of this country who have traveled on the other side know that Hagenback, as an amusement caterer, is to the old world what John Robinson is to the new. Just two months ago John F. Robinson, the acknowledged King of Showmen, purchased a herd of four educated elephants from Hagenback. Their act is now a feature of the John Robinson show, which will exhibit at East Liverpool Tuesday, May 16.

## AFFAIRS IN A MUDDLE

Two Factions at War Over the Election of Wellsburg Councilmen.

Wellsburg, W. Va., May 9.—The operations of the new city charter and the failure of the council to fully understand it has thrown city affairs into a muddle. The charter says that 12 new councilmen should be elected, but only six were provided for on the ballots. The Republicans elected four of those.

After the election, the error was discovered, and the council selected six of the former Republican members to fill out the quota of a dozen, the vote being on party lines. The Democrats contend that the six Democratic candidates voted for and defeated at the election are elected.

## A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world-famed Dr. Chase's recipe book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

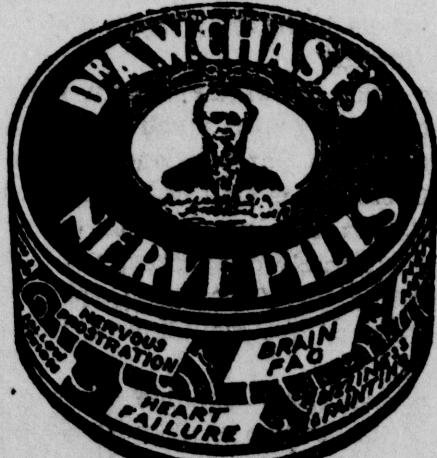

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

### FELL THROUGH BRIDGE

Kemler McQuirsh, of Jethro, Gets a Broken Shoulder Blade—Under Doctor's Care.

Kemler McQuirsh, a Scandinavian, whose home is at Jethro, fell through the C. & P. railroad bridge over Jethro creek, Wednesday afternoon, and was picked up in an unconscious state.

The man is said to have been under the influence of liquor, and attempted to cross the bridge while unable to walk without staggering.

When picked up, McQuirsh was suffering greatly and it was thought he was hurt internally. An investigation disclosed that his shoulder blade was broken, and aside from a few bruises he otherwise escaped injury. A surgeon dressed the injured man's wounds.

### MARRIED LAST EVENING

Andrew M. Cuthbert And Miss Florence Gregory Wedded.

Andrew M. Cuthbert, of the West End, and Miss Florence Gregory, formerly of Laurel, Ind., were united in marriage at 8 o'clock last evening by Dr. C. G. Jordan at the Presbyterian parsonage.

The groom is a potter by trade and is well and favorably known throughout the city, while the bride is a very popular young lady, having been employed in the store of D. W. Ogilvie, where she became widely acquainted.

The wedding was followed by a reception and supper at the home of the groom, after which the happy couple left for a short honeymoon in the east, and will probably visit the Pan-American exposition on their return trip.

Mr. and Mrs. Cuthbert will make their home at Pleasant Heights, in the West End.

### A HUGE GERANIUM

Raised by Chal Peterson And Sold Yesterday Afternoon.

The largest geranium ever sold in the West End, or perhaps in this city, was purchased by a Wellsville lady at Chal Peterson's green house yesterday afternoon. The plant was more than four feet high, and had several blossoms upon it that measured seven inches across. Mr. Peterson says it is the largest one he ever raised. Plants of this size are too expensive for the general trade.

### WEST END NOTES.

Thomas Pearce is again able to be out after a severe illness with the grip.

William Barton, Jr., went to Lisbon yesterday, where he has accepted a contract for stone work on the Cowan building that will keep him busy until July 4.

The boiler for the new stilt works arrived at the West End yesterday. It was placed in position today. Work on this plant is being pushed rapidly.

### TO MACKINAC ISLAND.

Party of East Liverpool Sports Will Probably Take a Trip to Michigan.

An effort is being made by a number of young sporting men in East Liverpool to organize a fishing club. It is the intention of the promoters to get 50 or more members to join the new organization for the purpose of taking a trip to Mackinac island.

The railroad company has agreed to sell low rate tickets to that point in case an agreement is made that 50 persons are included in the excursion party.

### DIVING ELEPHANTS.

Famous Hagenback Herd Now With the Robinson Circus.

At the great Water Carnival in Germany every year, a feature of the festival is always furnished by Hagenback, the world-famous dealer in and trainer of animals. Residents of this country who have traveled on the other side know that Hagenback, as an amusement caterer, is to the old world what John Robinson is to the new. Just two months ago John F. Robinson, the acknowledged King of Showmen, purchased a herd of four educated elephants from Hagenback. Their act is now a feature of the John Robinson show, which will exhibit at East Liverpool Tuesday, May 16.

## AFFAIRS IN A MUDDLE

Two Factions at War Over the Election of Wellsburg Councilmen.

Wellsburg, W. Va., May 9.—The operations of the new city charter and the failure of the council to fully understand it has thrown city affairs into a muddle. The charter says that 12 new councilmen should be elected, but only six were provided for on the ballots. The Republicans elected four of those.

After the election, the error was discovered, and the council selected six of the former Republican members to fill out the quota of a dozen, the vote being on party lines. The Democrats contend that the six Democratic candidates voted for and defeated at the election are elected.

### The Kaylor Meetings.

## BLOW TO BALLOT REFORM.

The Guffey Bill Hadn't Enough votes to Pass in Pennsylvania House.

Harrisburg, May 9.—The order of business in the house Wednesday was house and senate bills on third reading and final passage. The Voorhees bill providing for a submission to a vote of the people at the November election the question of changing the location of the capitol from Harrisburg to Philadelphia was taken up at the morning session on a special order for third reading and final passage. After debate it was defeated by a vote of 75 to 103.

The Fox capitol completion bill was reported to the house Wednesday afternoon from the committee on public buildings with an amendment that the state shall erect its own lighting and heating plant and will be read the first time on Friday. The bill as it passed the senate appropriates \$5,000,000 to complete the state house by a commission, one of whom shall be a Democrat, to be appointed by Governor Stone.

The Guffey ballot bill was taken up by the house for third reading and final passage. After debate, the measure failed on final passage by a vote of 95 to 87, 103 being necessary to passage. The Democrats and anti-Quay Republicans, except Mr. Abrams, of Philadelphia, anti-Quay, voted solidly for the bill and the Quay Republicans, with the exception of Messrs. Cooper, of Delaware; Frerke and Garver, of Schuylkill; Jones, of Philadelphia; McCune, of Fayette; McPherson, of Adams; Philbin, of Lackawanna, and Vandyke, of Westmoreland, against it.

Memorial services on the death of Representative Howard L. Calder, of Harrisburg, were held last night in the hall of the house of representatives. Addresses were made by Messrs. Ulrich and Seal, of Dauphin; Hall, of Allegheny; Ikeler, of Columbia, and Willard, of Philadelphia.

Senator David Martin, of Philadelphia, who has been ill with pneumonia, was in his seat in the senate Wednesday for the first time since January.

## WALL STREET PANICS.

BOTH BULLS AND BEARS HAVE RIOTOUS EXPERIENCES.

Recent Great Buying of Northern Pacific Apparently Merely Speculative—Gave Chilly Shock.

New York, May 9.—The stock market Wednesday offered the novel spectacle of a bear panic and a bull panic in progress side by side. The bear panic in Northern Pacific was the impelling cause of the demoralized rush to sell other stocks, which was held in check for a time after the astounding opening in Northern Pacific, but which gained almost panic force in the late trading. Prices were not toppled over as a direct result of culling of loans and forced liquidation, such as often culminate a period of over speculation, although there was a very general broadening of margins and added severity in the scrutiny of collateral, as was inevitable in the uneasy conditions prevailing, but it was evident that the holders of long stock were holding their stocks tenaciously and were waiting to be actually forced out. The punishment which was being inflicted on the shorts in Northern Pacific was so distressing in example as to keep the bears in a timid frame of mind and they hesitated to attack the market. The support which came in on the opening dip helped to encourage the bulls and intimidate the bears, but the liquidation seemed so large that the bears took courage and attacked the market after midday and secured rich returns.

## Margins Wiped Out.

As the recession in prices reached the 10 point line the decline gathered force, showing the dislodging of long lines of long stock by the wiping out of margins, with the resulting wiping out of the ordinary margin. The chaotic condition into which the market was thrown became alarming in the afternoon, but the determined support which developed and the resultant rallies, which reached as much as eight points in one or two instances, took away the effect to a partial extent of the disorderly drop in prices and even induced expressions from some of the more confident bulls that the health of the market was greatly improved as a result of the day's happenings. The apparently unlimited buying orders which appeared in United States Steel preferred when the decline had reached 12 points and the resulting rally of 8½ points gave some of the bull speculators the courage to claim that the day's reaction was really engineered by the powerful financial interests which have been behind the bull market throughout with a desire to shake off weak followers and that it was not out of proportion to the unprecedented advances which had preceded it, to the unequalled conditions which at present obtain in this country and to the prodigious dimensions of the market and of the forces which have been at work in it. It was the contrary view that collapses such as that of Wednesday do not tend to attract new buying demand by such reasoning as that prices are more attractive at lower prices.

## Shock to the Market.

It came with a chilly shock to the speculation that the country's great financial forces, which it was supposed were earnestly working in accord to secure a community of interests in the whole railroad world, were in fact arrayed against each other in measures of bitter retaliation and antipathy. The Burlington deal, on which such far-reaching conclusions have been based by the speculators, was seen to be in jeopardy.

The broad intimation was carried by the disclosures growing out of the Northern Pacific development that the recent great buying of stocks was for the most part wholly speculative and without the supposed basis in investment purposes. Ad to this the growing restrictions of the money supply, continued insatiable demands from the stock speculation, inroads upon the narrow bank surplus by the taking up of the revenue surplus of the government, a further shipment of gold to Europe Wednesday, and growing uneasiness among money lenders as to the stability of values of the securities which they held as collateral, and the delicacy of the position was easily seen. It is not surprising, therefore, that the shock of the Northern Pacific episode, coming upon this situation, toppled prices over. Northern Pacific Wednesday morning was at 180. It was at 143½ at Tuesday night's close and 132 for the London parity Wednesday morning. This stock was up to that figure and back to the opening figure of 155 within about 15 minutes. It went as low as 145 afterward and as high again as 170, closing at 160. The close corner into which the shorts were crowded of course explained this movement.

## Severe Sufferers in Slump.

Among the severest sufferers in the afternoon slump may be mentioned St. Paul, which fell 19½; Union Pacific, 17½; Rock Island, 14; Missouri Pacific, 15; United States Steel preferred, 12; Delaware and Hudson, 19; Amalgamated Copper, 12½; Pullman, 11½; Illinois Central, 11; Burlington, 10½; Brooklyn Rapid Transit, 10½; Kansas and Texas, 10; Western Union, 10, and other stocks all the way up to 10 points. The final rally reduced most of these losses considerably, but the closing showed speculative sentiment still in much disorder and prices were breaking anew

## BLOW TO BALLOT REFORM.

The Guffey Bill Hadn't Enough votes to Pass in Pennsylvania House.

Harrisburg, May 9.—The order of business in the house Wednesday was house and senate bills on third reading and final passage. The Voorhees bill providing for a submission to a vote of the people at the November election the question of changing the location of the capitol from Harrisburg to Philadelphia was taken up at the morning session on a special order for third reading and final passage. After debate it was defeated by a vote of 75 to 103.

The Fox capitol completion bill was reported to the house Wednesday afternoon from the committee on public buildings with an amendment that the state shall erect its own lighting and heating plant and will be read the first time on Friday. The bill as it passed the senate appropriates \$5,000,000 to complete the state house by a commission, one of whom shall be a Democrat, to be appointed by Governor Stone.

The Guffey ballot bill was taken up by the house for third reading and final passage. After debate, the measure failed on final passage by a vote of 95 to 87, 103 being necessary to passage. The Democrats and anti-Quay Republicans, except Mr. Abrams, of Philadelphia, anti-Quay, voted solidly for the bill and the Quay Republicans, with the exception of Messrs. Cooper, of Delaware; Frrebe and Garver, of Schuylkill; Jones, of Philadelphia; McCune, of Fayette; McPherson, of Adams; Philbin, of Lackawanna, and Vandyke, of Westmoreland, against it.

Memorial services on the death of Representative Howard L. Calder, of Harrisburg, were held last night in the hall of the house of representatives. Addresses were made by Messrs. Ulrich and Seal, of Dauphin; Hall, of Allegheny; Ikeler, of Columbia, and Wilrad, of Philadelphia. Senator David Martin, of Philadelphia, who has been ill with pneumonia, was in his seat in the senate Wednesday for the first time since January.

## WALL STREET PANICS.

BOTH BULLS AND BEARS HAVE RIOTOUS EXPERIENCES.

Recent Great Buying of Northern Pacific Apparently Merely Speculative—Gave Chilly Shock.

New York, May 9.—The stock market Wednesday offered the novel spectacle of a bear panic and a bull panic in progress side by side. The bear panic in Northern Pacific was the impelling cause of the demoralized rush to sell other stocks, which was held in check for a time after the astounding opening in Northern Pacific, but which gained almost panic force in the late trading. Prices were not toppled over as a direct result of culling of loans and forced liquidation, such as often culminate a period of over speculation, although there was a very general broadening of margins and added severity in the scrutiny of collateral, as was inevitable in the uneasy conditions prevailing, but it was evident that the holders of long stock were holding their stocks tenaciously and were waiting to be actually forced out. The punishment which was being inflicted on the shorts in Northern Pacific was so distressing in example as to keep the bears in a timid frame of mind and they hesitated to attack the market. The support which came in on the opening dip helped to encourage the bulls and intimidate the bears, but the liquidation seemed so large that the bears took courage and attacked the market after midday and secured rich returns.

## Margins Wiped Out.

As the recession in prices reached the 10 point line the decline gathered force, showing the dislodging of long lines of long stock by the wiping out of margins, with the resulting wiping out of the ordinary margin. The chaotic condition into which the market was thrown became alarming in the afternoon, but the determined support which developed and the resultant rallies, which reached as much as eight points in one or two instances, took away the effect to a partial extent of the disorderly drop in prices and even induced expressions from some of the more confident bulls that the health of the market was greatly improved as a result of the day's happenings. The apparently unlimited buying orders which appeared in United States Steel preferred when the decline had reached 12 points and the resulting rally of 8½ points gave some of the bull speculators the courage to claim that the day's reaction was really engineered by the powerful financial interests which have been behind the bull market throughout with a desire to shake off weak followers and that it was not out of proportion to the unprecedented advances which had preceded it, to the unequalled conditions which at present obtain in this country and to the prodigious dimensions of the market and of the forces which have been at work in it. It was the contrary view that collapses such as that of Wednesday do not tend to attract new buying demand by such reasoning as that prices are more attractive at lower prices.

## Shock to the Market.

It came with a chilly shock to the speculation that the country's great financial forces, which it was supposed were earnestly working in accord to secure a community of interests in the whole railroad world, were in fact arrayed against each other in measures of bitter retaliation and antipathy. The Burlington deal, on which such far-reaching conclusions have been based by the speculators, was seen to be in jeopardy.

The broad intimation was carried by the disclosures growing out of the Northern Pacific development that the recent great buying of stocks was for the most part wholly speculative and without the supposed basis in investment purposes. Ad to this the growing constrictions of the money supply, continued insatiable demands from the stock speculation, inroads upon the narrow bank surplus by the taking up of the revenue surplus of the government, a further shipment of gold to Europe Wednesday, and growing uneasiness among money lenders as to the stability of values of the securities which they held as collateral, and the delicacy of the position was easily seen. It is not surprising, therefore, that the shock of the Northern Pacific episode, coming upon this situation, toppled prices over. Northern Pacific Wednesday morning was at 180. It was at 143½ at Tuesday night's close and 132 for the London parity Wednesday morning. This stock was up to that figure and back to the opening figure of 155 within about 15 minutes. It went as low as 145 afterward and as high again as 170, closing at 160. The close corner into which the shorts were crowded of course explained this movement.

## Severe Sufferers in Slump.

Among the severest sufferers in the afternoon slump may be mentioned St. Paul, which fell 19½; Union Pacific, 17½; Rock Island, 14; Missouri Pacific, 15; United States Steel preferred, 12; Delaware and Hudson, 19; Amalgamated Copper, 12¼; Pullman, 11½; Illinois Central, 11; Burlington, 10½; Brooklyn Rapid Transit, 10½; Kansas and Texas, 10; Western Union, 10, and other stocks all the way up to 10 points. The final rally reduced most of these losses considerably, but the closing showed speculative sentiment still in much disorder and prices were breaking anew

## THE CANTEN MUST GO.

Secretary Root has issued strict orders that the new law abolishing the army canteen shall be enforced at all military posts. Many army officers, and even a few chaplains, have insisted that the canteen is a good thing, and should be kept in existence. Their theory is that the soldiers will drink, and if they cannot have their wants supplied within the camp, will go outside and patronize the questionable resorts which always flourish in the vicinity of every military post. They hold that enforcement of the law will tend to increase intoxication and be subversive of discipline. Be this as it may, the law is on the statute books, and it is the duty of the secretary of state to enforce it. It will not take long to give it a thorough test and to ascertain beyond a doubt whether the military supporters of the canteen or the temperance people who antagonize it are in the right. If it is a bad law, the more diligently it is enforced, the sooner it will be repealed. It has been enacted in obedience to the wishes of tens of thousands of Christian people and should be given a thorough test ere it is rejected.

Although the army rules are very strict and intoxication among soldiers is severely punished, drinking goes on, and does more harm than enemy's bullets or the hardships of long marches. The problem is difficult to deal with, and it is not reasonable to suppose that any legislation will solve it completely. A step in the right direction would be the appointment of none but men of known temperate habits to positions as army officers. A reform of this sort would be worth more than the enactment of scores of army laws.

## A LAW-DEFYING MAYOR.

The prosperous and pleasant old city of Zanesville, the metropolis of the Muskingum valley, is just now getting free advertising of a most undesirable sort. Zanesville, a city largely made up of order-loving, respectable, Christian people, is in the hands of the law-defying element, and worse yet, that element has the backing and leadership of the mayor. He is giving out interviews, which are being telegraphed from Maine to California, stating that he was elected by people who favor gambling, the operation of slot machines, liquor selling on Sunday, cock-fighting and everything else that goes toward making up what is popularly styled "a wide open town." He does not propose to antagonize the people who elected him, but will let the city be run according to their wishes. Consequently violations of the law in manifold form are to continue while he is in office.

The mayor is to blame, but scarcely less so than the people, who, knowing his platform and his principles, suffered him to be elected. The mayor is a Democrat, and owes his election, in a Republican town, to factional differences in the Republican ranks and a combination of so-called reformers. The citizens of Zanesville have made their bed and must lie in it unless they can relieve their situation by

legal means. Next time they hold an election they will probably be wiser.

"The Democratic party," says the Louisville Post, a Democratic newspaper, "as now organized, is a reactionary party, and has no part in the present and no faith in the future." Come to think of it, wasn't that always the status of the Democracy when it was out of office? Seems to us it is the sentiment reflected in Democratic platforms for the last 40 years.

C. M. Schwab will expend a part of his \$1,000,000 salary for the benefit of the town where he got his start in the world. He will devote \$75,000 to the establishment of an industrial school at Homestead, and that town may yet become distinguished for something besides iron products.

Prof. Crook, of Evanston, now denies that he ever said that he never hugged or kissed a woman or a girl, and we hasten to set Crook straight before the public that the world may cease to pity him.

A Southern Democratic newspaper calls Tom L. Johnson "a bumptious rowdy." If this were said of a southern man, blood would flow.

An army of American school teachers is invading the Philippines, with glorious conquests ahead of it.

Telling the truth is the most difficult effort of some men's lives.

## NINETEEN INITIATED

Important Meeting of Woodmen of the World—Monuments to Be Unveiled.

The Woodmen of the World met last evening in Red Men's hall and had a large and interesting session. M. D. Roche, Ohio state deputy of the order, was here from Cleveland and addressed the lodge in a most excellent speech. Nineteen candidates were initiated, and arrangements were made for the unveiling of two monuments erected in honor of deceased members of the order in this city on Sunday, May 19.

The founder of the order, Joseph C. Root, of Omaha, Neb., will be invited to come here to the unveiling and will probably accept, as he will be at Columbus all next week in attendance at the Sovereign Grand Lodge convention.

Deputy Roche instituted the lodge here about a year ago and its growth has been phenomenal. The present membership is 150. There have been three members lost by death.

The deceased members are T. H. Stevens, M. C. Everson and J. N. Huffman. Monuments for Stevens and Everson have been selected and that for Huffman will be chosen today.

Dr. George D. Arnum was elected collector for the rest of the year.

She was born at Braddock's Field, now the city of Braddock, Pa., in 1814, and was 87 years of age last Sunday. Her death was due to the infirmities of age. She is survived by four children—Mrs. John C. Baum, Mrs. J. M. Orr and Rochester Dickey, of this city, and George Dickey, of Wellsville. The funeral services will be held from the residence of Mr. Baum on Saturday afternoon at 2 o'clock, Rev. Dr. Clark Crawford officiating. The remains can be viewed from 7 until 9 Friday evening.

Mrs. Joanna Hoskins.

Mrs. Joanna, wife of Ferron Hoskins, died at her home on First avenue, East End, at 12 o'clock, aged 72 years, from a complication of diseases. As the condition of Mrs. Hoskins was considered serious, two sons, Samuel and Titus, were summoned from Martin's Ferry, arriving on the noon train, but were too late to be at the bedside of their mother before the end came. Three other sons, who reside at Zanesville, will arrive in the city this evening to attend the funeral, arrangements for which have not yet been made. Interment will be made at Wheeling, W. Va.

Miss Kittie Boyd.

Mrs. George Allison, of Chester, today received word of the death of her sister, Miss Kittie Boyd, at her home, three miles back of Hookstown. Her death was sudden, as she had only been ill for about three days. Mr. and Mrs. George Allison left today to attend the funeral.

Lisbon, May 9.—Mrs. Ann Maus Fraser, widow of the late Peter Fraser, died Tuesday of paralysis. She was 79 years old and leaves a son and a daughter.

## FUNERAL CANCELED.

Woman Thought Dead Is Now Believed to Be Alive.

Springfield, O., May 9.—Last night arrangements for the funeral of Mrs. John Wilborn were canceled on account of the temperature of the corpse remaining almost normal during the day. An effort will be made to bring her back to life.

Mrs. Wilborn was found apparently dead lying across her daughter at 2 o'clock this morning. The girl is ill, and the mother, in the best of health, went to give her medicine, but fell prostrate across her child while trying to administer it.

## FIRE BRICK PLANT.

Proposition to Erect One at Mud Point on the Ohio.

Toronto, May 9.—Al Freeman, of Steubenville, was at Freeman's Station Tuesday afternoon, testing a number of fire clays for men in the vicinity of Pittsburg. It is stated Mr. Freeman is also interested with a number of capitalists who contemplate the erection of a plant at Mud Point, mouth of Holbert's Run, on the opposite side of the river.

This is on the site of one of the first brick yards operated successfully for many years by the Freeman Bros., of whom there were three or four.

## THE CANTEN MUST GO.

Secretary Root has issued strict orders that the new law abolishing the army canteen shall be enforced at all military posts. Many army officers, and even a few chaplains, have insisted that the canteen is a good thing, and should be kept in existence. Their theory is that the soldiers will drink, and if they cannot have their wants supplied within the camp, will go outside and patronize the questionable resorts which always flourish in the vicinity of every military post. They hold that enforcement of the law will tend to increase intoxication and be subversive of discipline. Be this as it may, the law is on the statute books, and it is the duty of the secretary of state to enforce it. It will not take long to give it a thorough test and to ascertain beyond a doubt whether the military supporters of the canteen or the temperance people who antagonize it are in the right. If it is a bad law, the more diligently it is enforced, the sooner it will be repealed. It has been enacted in obedience to the wishes of tens of thousands of Christian people and should be given a thorough test ere it is rejected.

Although the army rules are very strict and intoxication among soldiers is severely punished, drinking goes on, and does more harm than enemy's bullets or the hardships of long marches. The problem is difficult to deal with, and it is not reasonable to suppose that any legislation will solve it completely. A step in the right direction would be the appointment of none but men of known temperate habits to positions as army officers. A reform of this sort would be worth more than the enactment of scores of army laws.

## A LAW-DEFYING MAYOR.

The prosperous and pleasant old city of Zanesville, the metropolis of the Muskingum valley, is just now getting free advertising of a most undesirable sort. Zanesville, a city largely made up of order-loving, respectable, Christian people, is in the hands of the law-defying element, and worse yet, that element has the backing and leadership of the mayor. He is giving out interviews, which are being telegraphed from Maine to California, stating that he was elected by people who favor gambling, the operation of slot machines, liquor selling on Sunday, cock-fighting and everything else that goes toward making up what is popularly styled "a wide open town." He does not propose to antagonize the people who elected him, but will let the city be run according to their wishes. Consequently violations of the law in manifold form are to continue while he is in office.

The mayor is to blame, but scarcely less so than the people, who, knowing his platform and his principles, suffered him to be elected. The mayor is a Democrat, and owes his election, in a Republican town, to factional differences in the Republican ranks and a combination of so-called reformers. The citizens of Zanesville have made their bed and must lie in it unless they can relieve their situation by

legal means. Next time they hold an election they will probably be wiser.

"The Democratic party," says the Louisville Post, a Democratic newspaper, "as now organized, is a reactionary party, and has no part in the present and no faith in the future." Come to think of it, wasn't that always the status of the Democracy when it was out of office? Seems to us it is the sentiment reflected in Democratic platforms for the last 40 years.

C. M. Schwab will expend a part of his \$1,000,000 salary for the benefit of the town where he got his start in the world. He will devote \$75,000 to the establishment of an industrial school at Homestead, and that town may yet become distinguished for something besides iron products.

Prof. Crook, of Evanston, now denies that he ever said that he never hugged or kissed a woman or a girl, and we hasten to set Crook straight before the public that the world may cease to pity him.

A Southern Democratic newspaper calls Tom L. Johnson "a bumptious rowdy." If this were said of a southern man, blood would flow.

An army of American school teachers is invading the Philippines, with glorious conquests ahead of it.

Telling the truth is the most difficult effort of some men's lives.

## NINETEEN INITIATED

Important Meeting of Woodmen of the World—Monuments to Be Unveiled.

The Woodmen of the World met last evening in Red Men's hall and had a large and interesting session. M. D. Roche, Ohio state deputy of the order, was here from Cleveland and addressed the lodge in a most excellent speech. Nineteen candidates were initiated, and arrangements were made for the unveiling of two monuments erected in honor of deceased members of the order in this city on Sunday, May 19.

The founder of the order, Joseph C. Root, of Omaha, Neb., will be invited to come here to the unveiling and will probably accept, as he will be at Columbus all next week in attendance at the Sovereign Grand Lodge convention.

Deputy Roche instituted the lodge here about a year ago and its growth has been phenomenal. The present membership is 150. There have been three members lost by death.

The deceased members are T. H. Stevens, M. C. Everson and J. N. Huffman. Monuments for Stevens and Everson have been selected and that for Huffman will be chosen today.

Dr. George D. Arnum was elected collector for the rest of the year.

## HAD A BREAKDOWN.

Party of Witnesses on the Way to Lisbon Had Bad Luck.

While on the way to Lisbon Wednesday morning the doubletree of the surrey in which Mayor Davidson, Chief Thompson, Officer Dawson and Charles Gill were seated, broke in two and the party was "swamped" for a time.

The chief had supplied the outfit with sandwiches and hard boiled eggs, and while necessary repairs were being made the quartet gorged themselves.

## OBITUARY.

Mrs. Catharine Dickey, widow of James Dickey, died this morning at the home of her daughter, Mrs. John C. Baum, 203 Seventh street. She was born at Braddock's Field, now the city of Braddock, Pa., in 1814, and was 87 years of age last Sunday. Her death was due to the infirmities of age. She is survived by four children—Mrs. John C. Baum, Mrs. J. M. Orr and Rochester Dickey, of this city, and George Dickey, of Wellsville. The funeral services will be held from the residence of Mr. Baum on Saturday afternoon at 2 o'clock, Rev. Dr. Clark Crawford officiating. The remains can be viewed from 7 until 9 Friday evening.

Mrs. Dickey had resided in this city since the early 60's. Her husband was a pioneer oil driller at Jethro. She is survived by four sisters and a brother. Mrs. Joanna Hoskins.

Mrs. Joanna, wife of Ferron Hoskins, died at her home on First avenue, East End, at 12 o'clock, aged 72 years, from a complication of diseases. As the condition of Mrs. Hoskins was considered serious, two sons, Samuel and Titus, were summoned from Martin's Ferry, arriving on the noon train, but were too late to be at the bedside of their mother before the end came. Three other sons, who reside at Zanesville, will arrive in the city this evening to attend the funeral, arrangements for which have not yet been made. Interment will be made at Wheeling, W. Va.

Miss Kittie Boyd.

Mrs. George Allison, of Chester, today received word of the death of her sister, Miss Kittie Boyd, at her home, three miles back of Hookstown. Her death was sudden, as she had only been ill for about three days. Mr. and Mrs. George Allison left today to attend the funeral.

Mrs. Ann M. Fraser.

Lisbon, May 9.—Mrs. Ann Maus Fraser, widow of the late Peter Fraser, died Tuesday of paralysis. She was 79 years old and leaves a son and a daughter.

## FUNERAL CANCELED.

Woman Thought Dead Is Now Believed to Be Alive.

Springfield, O., May 9.—Last night arrangements for the funeral of Mrs. John Wilborn were canceled on account of the temperature of the corpse remaining almost normal during the day. An effort will be made to bring her back to life.

Mrs. Wilborn was found apparently dead lying across her daughter at 2 o'clock this morning. The girl is ill, and the mother, in the best of health, went to give her medicine, but fell prostrate across her child while trying to administer it.

## FIRE BRICK PLANT.

Proposition to Erect One at Mud Point on the Ohio.

Toronto, May 9.—Al Freeman, of Steubenville, was at Freeman's Station Tuesday afternoon, testing a number of fire clays for men in the vicinity of Pittsburg. It is stated Mr. Freeman is also interested with a number of capitalists who contemplate the erection of a plant at Mud Point, mouth of Holbert's Run, on the opposite side of the river.

This is on the site of one of the first brick yards operated successfully for many years by the Freeman Bros., of whom there were three or four.

### MORROW WAS DROWNED

#### BADLY DECOMPOSED BODY OF A NEW CUMBERLAND LAD

Found in the River at Steubenville Yesterday—A Mystery in the Case.

Steubenville, May 9.—The badly decomposed body of Charles Morrow, aged 13, of New Cumberland, W. Va., who has been missing since March 18, was dragged from the river here yesterday. His grandfather, Samuel Morrow, who came here last night, says that there is a mystery connected with the boy's death and that he had no idea he was drowned.

On the day he was missing young Morrow, with another boy and a man, crossed the river to Toronto in a johnboat to get whisky, and then returned. It was after the two had left the Morrow boy at the river bank that he disappeared.

### TRAVELED 27,000 MILES

#### New Cumberland Boy Back from the Philippines After Two Years of Service.

Harroly Holland, of New Cumberland, has just returned home from the Philippines after having been gone over two years, during which time he traveled 27,000 miles on railroads and steamships. He looks the picture of good health and is being warmly greeted by his many friends in that vicinity.

Mr. Holland enlisted in Company D, Twenty-third regiment, U. S. V., at Pittsburg, on July 18, 1899, and his regiment has just been mustered out of service after two years' active operations in the field. The regiment left Manila on the transport Thomas on March 17, and after a voyage of 47 days arrived in San Francisco.

During his service in the Philippines Mr. Holland marched over 2,100 miles through swamps and over mountains in pursuit of the wily Filipino. The natives still continue a guerrilla warfare and it may continue indefinitely, says Mr. Holland, who talks enterprisingly of his experiences in Uncle Sam's new possessions. In two years Mr. Holland was ill only four days and escaped without a scratch from the many skirmishes and battles in which his regiment was engaged.

Charles Turner, also of New Cumberland, accompanied Mr. Holland as far as Chicago and is expected home tomorrow.

#### William Barnhart Managed to Dispose of an Animal He Didn't Want.

William Barnhart has for some time been the owner of a goat, but last night he thought he would like to sell it. There being no one present who would pay his price he got up chances from 1 to 30, selling them for whatever the number was. It did not take him long to dispose of the chances, and at the drawing No. 24, held by T. R. Cunningham, was the lucky number.

Mr. Cunningham had no use for the goat and he sold it to E. E. Dornan, who is employed at the grocery store of O. O. Allison. Dornan has now ordered a wagon and harness and will use the goat to deliver groceries.

#### THREE TEACHERS AT GRANT STREET BUILDING OFF DUTY.

Reported That the Sanitary Condition of the Cellar Had Caused the Sickness, But This Is Untrue.

A report reached Health Officer Burgess this morning that the cellar of the Grant street school building had become flooded with water, and that several cases of typhoid fever had already resulted among the teachers and pupils.

Mr. Burgess, in company with a reporter, went to the school house and investigated. The cellar was found to be perfectly dry, and the sanitary condition of the building throughout in first-class condition.

## MORROW WAS DROWNED

BADLY DECOMPOSED BODY OF A  
NEW CUMBERLAND LADFound in the River at Steubenville  
Yesterday—A Mystery in  
the Case.

Steubenville, May 9.—The badly decomposed body of Charles Morrow, aged 13, of New Cumberland, W. Va., who has been missing since March 18, was dragged from the river here yesterday. His grandfather, Samuel Morrow, who came here last night, says that there is a mystery connected with the boy's death and that he had no idea he was drowned.

On the day he was missing young Morrow, with another boy and a man, crossed the river to Toronto in a johnboat to get whisky, and then returned. It was after the two had left the Morrow boy at the river bank that he disappeared.

## TRAVELED 27,000 MILES

New Cumberland Boy Back from the  
Philippines After Two Years  
of Service.

Harvey Holland, of New Cumberland, has just returned home from the Philippines after having been gone over two years, during which time he traveled 27,000 miles on railroads and steamships. He looks the picture of good health and is being warmly greeted by his many friends in that vicinity.

Mr. Holland enlisted in Company D, Twenty-third regiment, U. S. V., at Pittsburgh, on July 18, 1899, and his regiment has just been mustered out of service after two years' active operations in the field. The regiment left Manila on the transport Thomas on March 17, and after a voyage of 47 days arrived in San Francisco.

During his service in the Philippines Mr. Holland marched over 2,100 miles through swamps and over mountains in pursuit of the wily Filipino. The natives still continue a guerrilla warfare and it may continue indefinitely, says Mr. Holland, who talks entertainingly of his experiences in Uncle Sam's new possessions. In two years Mr. Holland was ill only four days and escaped without a scratch from the many skirmishes and battles in which his regiment was engaged.

Charles Turner, also of New Cumberland, accompanied Mr. Holland as far as Chicago and is expected home tomorrow.

William Barnhart has for some time been the owner of a goat, but last night he thought he would like to sell it. There being no one present who would pay his price he got up chances from 1 to 30, selling them for whatever the number was. It did not take him long to dispose of the chances, and at the drawing No. 24, held by T. R. Cunningham, was the lucky number.

Mr. Cunningham had no use for the goat and he sold it to E. E. Dornan, who is employed at the grocery store of O. O. Allison. Dornan has now ordered a wagon and harness and will use the goat to deliver groceries.

THREE TEACHERS AT GRANT  
STREET BUILDING OFF DUTY.Reported That the Sanitary Condition  
of the Cellar Had Caused the  
Sickness, But This Is Untrue.

A report reached Health Officer Burgess this morning that the cellar of the Grant street school building had become flooded with water, and that several cases of typhoid fever had already resulted among the teachers and pupils.

Mr. Burgess, in company with a reporter, went to the school house and investigated. The cellar was found to be perfectly dry, and the sanitary condition of the building throughout in first-class condition.

Miss Orr, who has acted in the capacity of substitute, is lying at her home with a severe case of typhoid fever. Miss Kennedy and Mrs. Clemens, also teachers at the Grant street school, are off duty on account of sickness, as is also a number of pupils.

However, it is the opinion of the janitor, John Orr, that the prevailing illness among the teachers and pupils of that school is not due to any cause arising from the alleged unhealthy condition of the building. Though the cellar has at times been overflowed by water coming down from the gutter on Prospect street, it is at present perfectly dry. The closets are also kept in good shape.

The terrible condition of the single gutter on Prospect street is certainly a great menace to the health of the school children and to the entire community. The drainage is simply awful and the filthy waste water from the sinks of residents on the upper side of the street is sent pouring down onto the other side, where it lies stagnant. Council has long since promised to grade Prospect street, but as yet the work has not yet been done.

## TO MAINTAIN PEACE

In the Labor World a Board of Conciliation Is Proposed and Advocated.

### FRUITS OF A CONFERENCE

An Executive Committee to Be Selected to Carry Out Work of Organization—Mitchell and Others Made Speeches at Mass Meeting.

New York, May 9.—A mass meeting under the auspices of the committee of conciliation of the National Civic Federation was held last night at Cooper Union to further the movement inaugurated at the conference on Tuesday to form a national board of arbitration.

John Mitchell, the first speaker, was greeted with applause and cheers. He said in part:

"Nearly all of the strikes which have occurred could have been avoided if the employers and the representatives of labor organizations had conferred. We have learned in the bituminous coal regions to get together in annual convention and talk out our differences instead of fighting them out. Twelve men on each side met last year and in 11 days fixed the wages of 200,000 men, and the year before the same number raised the wages of the miners to the extent of \$20,000,000.

"I know there are those who believe there can be nothing in common between capital and labor. To those I say that the work of this conciliation committee will show that there is much in common between them for the good of both."

Samuel Gompers, president of the Federation of Labor, said in part: "If we entertain a hope for ourselves, our children or our country we must organize. At one time the idea was held that all wealth must be extinguished. There is no accounting for taste. Some have so far bidden good-bye to their reason as to applaud the idea that wealth should be extinguished. We want justice, and nothing else. Employers have found trades unions an element so costly that they want peace as well as we."

#### A Socialist Broke Loose.

"We want force," yelled a man who had furnished previous interruptions, and many in the audience cheered.

Charles Sprague Smith came forward, and raising his hand called sharply for order. When he could make himself heard he said:

"The socialists have had their turn and we will let them have it again, but now I ask for order. I ask this little group of socialists to hold themselves in."

Mr. Gompers struggled through a number of further interruptions and finally got a hearing for his views as to arbitration.

"It will be a choice," said he, "between voluntary arbitration and compulsory arbitration; where jail will await those who will not work under a settlement ordered by the courts. Our experience of courts has not been such as to warrant us in placing our industrial interests in the hands of the gentlemen who preside on the bench."

William H. Sayward, secretary of the National Association of Builders, said, in part, that he felt certain that the plans devised by the committee of conciliation of the National Civic Federation would bear fruit in the drawing together of capital and labor and the prevention of strikes.

Herman Justi, commissioner of the Illinois Coal Operators' association, spoke of the practical results achieved by a policy of conciliation in the bituminous coal fields and of the peace and happiness that prevailed in a region formerly devastated by bitter labor struggles.

#### Guffey Bill Lost.

At the meeting last night the national committee on conciliation and arbitration gave out its report. The report says that the purpose of the organization is to enter into active service in the cause of peace and harmony in the industrial world for the purpose of preventing strikes and lockouts. The report advocates full and frank conferences between employers and workmen, with the avowed purpose of reaching an agreement as to the terms of employment. It further says the aim is to establish and maintain a board of commission, composed of the most competent persons available, selected from employers and employees of judgment, experience and reliability, which shall be charged with carrying out the objects aimed at, and shall also be expected to make known to workmen and their employers that their counsel and aid will be available, if desired, in securing the co-operation, mutual understanding and agreement already indicated as the general purpose of the national committee.

The committee will select from its members an executive committee of 15 to direct the work of the organization.

#### A Heavyweight.

"And then," she said in telling of the romantic episode, "she sprang to his arms."

"She did?"

"Of course. Do you doubt it?"

"Oh, no," he replied, "but after seeing her I can't help thinking that it must have jarred him quite a bit."—Chicago Post.

## MARTINELLI CARDINAL.

RECEIVED RED BIRETTA AND DONNED HIS ROBES.

Great Gathering of Bishops, Priests and Others Witnessed Ceremony at Baltimore.

Baltimore, May 9.—Sebastian Martinelli, titular archbishop of Ephesus and cardinal-elect of the church of Rome, received the red biretta and donned the robes which will hereafter mark his rank. The ceremony, which is the second step in his elevation to his new rank, was marked by all the pomp and brilliancy usually attendant upon such occasions. It was held in the venerable cathedral, the first edifice of its kind erected upon American soil and in which the first American priest and the first American bishop were ordained. Among those who witnessed it were men and women prominent in every walk of life, diplomats, legislators, educators, journalists and ecclesiastics, the latter including half a score of archbishops, half a hundred bishops, priests, monks and seminarians. The initial step in the ceremony took place in the palace of the cardinal immediately prior to that held in the cathedral and consisted of the transmission of the biretta to Cardinal Gibbons by Monsignor Marchetti, the papal ablegate. Brief addresses were made by both the participants in this affair.

#### Procession to Cathedral.

While this was in progress a procession was formed in front of Calvert hall, a block away, in which were ranged in the order named the seminarians, priests, Franciscan and Augustinian monks, the members of the faculty in the Catholic university in Washington, abbots, bishops and finally the archbishops, the purple and gold of their rich vestments added brilliancy to the scene. Later they moved through Cathedral to Charles street, passing the palace of the cardinal, where they were joined by his eminence, clad in full ecclesiastical paraphernalia, who took his place last in the line. Thence the procession moved to the main entrance of the cathedral. The cardinal-elect meanwhile had entered the building through a rear door and advanced to meet the procession at the altar rail. The cardinal and the cardinal-elect saluted each other, and each sought the throne provided for him. That of Cardinal Gibbons occupied the gospel side of the altar, while that of the cardinal-elect was placed upon the epistle side.

Monsignor Marchetti, upon the conclusion of the reading of the briefs, advanced to Cardinal Gibbons' throne and delivered an address. At its conclusion Cardinal Gibbons descended from his throne and advanced to the front of the altar, accompanied by his attendants, bearing the biretta. Martinelli rose and, escorted by the members of the noble guard and the papal chamberlains, walked toward Cardinal Gibbons, before whom he knelt and bowed his head. Slowly lifting the biretta from the silver salver upon which it rested, Cardinal Gibbons unfolded it and held it high in order that the congregation might see it. Then stooping and, with what seemed to be a softly murmured prayer, he placed it upon the head of the cardinal-elect, who rose, and, advancing to the front of the altar, made a brief address.

#### Clad in Cardinal Robes.

The newly made cardinal, who up to this time had worn the vestments of an archbishop, retired to the inner sanctuary and in a few moments returned clad in his cardinalial robes. Almost immediately afterwards he divested himself of these and appeared in the white and gold vestments of the mass in which he was to pontificate. Assisted by his priests and deacons, he conducted this in the presence of the large audience. The sermon was delivered by Archbishop Ryan, of Philadelphia, after which Cardinal Gibbons pronounced the benediction and the ceremony was ended.

#### No Change in Puddling Scale.

Youngstown, O., May 9.—At the bi-monthly conference between representatives of the Amalgamated association, the Republic Iron and Steel company and the American Steel Hoop company an examination of the reports presented by the manufacturers of the sales of bar iron during March and April showed that the prices received would not warrant any change in the scale which has been in force for the past two months. The price for puddling for May and June, the closing months of the scale year, will be \$4.87½ and no change in the scale for finishers.

O'Connell, who has been appointed bishop of Portland, Me., succeeds the late Bishop Healy. ## TO MAINTAIN PEACE

In the Labor World a Board of Conciliation Is Proposed and Advocated.

### FRUITS OF A CONFERENCE

An Executive Committee to Be Selected to Carry Out Work of Organization—Mitchell and Others Made Speeches at Mass Meeting.

New York, May 9.—A mass meeting under the auspices of the committee of conciliation of the National Civic Federation was held last night at Cooper Union to further the movement inaugurated at the conference on Tuesday to form a national board of arbitration.

John Mitchell, the first speaker, was greeted with applause and cheers. He said in part:

"Nearly all of the strikes which have occurred could have been avoided if the employers and the representatives of labor organizations had conferred. We have learned in the bituminous coal regions to get together in annual convention and talk out our differences instead of fighting them out. Twelve men on each side met last year and in 11 days fixed the wages of 200,000 men, and the year before the same number raised the wages of the miners to the extent of \$20,000,000.

"I know there are those who believe there can be nothing in common between capital and labor. To those I say that the work of this conciliation committee will show that there is much in common between them for the good of both."

Samuel Gompers, president of the Federation of Labor, said in part:

"If we entertain a hope for ourselves, our children or our country we must organize. At one time the idea was held that all wealth must be extinguished. There is no accounting for taste. Some have so far bidden good-bye to their reason as to applaud the idea that wealth should be extinguished. We want justice, and nothing else. Employers have found trades unions an element so costly that they want peace as well as we."

#### A Socialist Broke Loose.

"We want force," yelled a man who had furnished previous interruptions, and many in the audience cheered.

Charles Sprague Smith came forward, and raising his hand called sharply for order. When he could make himself heard he said:

"The socialists have had their turn and we will let them have it again, but now I ask for order. I ask this little group of socialists to hold themselves in."

Mr. Gompers struggled through a number of further interruptions and finally got a hearing for his views as to arbitration.

"It will be a choice," said he, "between voluntary arbitration and compulsory arbitration; where jail will await those who will not work under a settlement ordered by the courts. Our experience of courts has not been such as to warrant us in placing our industrial interests in the hands of the gentlemen who preside on the bench."

William H. Sayward, secretary of the National Association of Builders, said, in part, that he felt confident that the plans devised by the committee of conciliation of the National Civic Federation would bear fruit in the drawing together of capital and labor and the prevention of strikes.

Herman Justi, commissioner of the Illinois Coal Operators' association, spoke of the practical results achieved by a policy of conciliation in the bituminous coal fields and of the peace and happiness that prevailed in a region formerly devastated by bitter labor struggles.

#### Guffey Ballot Bill Lost.

At the meeting last night the national committee on conciliation and arbitration gave out its report. The report says that the purpose of the organization is to enter into active service in the cause of peace and harmony in the industrial world for the purpose of preventing strikes and lockouts. The report advocates full and frank conferences between employers and workmen, with the avowed purpose of reaching an agreement as to the terms of employment. It further says the aim is to establish and maintain a board of commission, composed of the most competent persons available, selected from employers and employees of judgment, experience and reliability, which shall be charged with carrying out the objects aimed at, and shall also be expected to make known to workmen and their employers that their counsel and aid will be available, if desired, in securing the co-operation, mutual understanding and agreement already indicated as the general purpose of the national committee.

The committee will select from its members an executive committee of 15 to direct the work of the organization.

#### A Heavyweight.

"And then," she said in telling of the romantic episode, "she sprang to his arms."

"She did?"

"Of course. Do you doubt it?"

"Oh, no," he replied, "but after seeing her I can't help thinking that it must have jarred him quite a bit."—Chicago Post.

## MARTINELLI CARDINAL.

RECEIVED RED BIRETTA AND DONNED HIS ROBES.

Great Gathering of Bishops, Priests and Others Witnessed Ceremony at Baltimore.

Baltimore, May 9.—Sebastian Martinelli, titular archbishop of Ephesus and cardinal-elect of the church of Rome, received the red biretta and donned the robes which will hereafter mark his rank. The ceremony, which is the second step in his elevation to his new rank, was marked by all the pomp and brilliancy usually attendant upon such occasions. It was held in the venerable cathedral, the first edifice of its kind erected upon American soil and in which the first American priest and the first American bishop were ordained. Among those who witnessed it were men and women prominent in every walk of life, diplomats, legislators, educators, journalists and ecclesiastics, the latter including half a score of archbishops, half a hundred bishops, priests, monks and seminarians. The initial step in the ceremony took place in the palace of the cardinal immediately prior to that held in the cathedral and consisted of the transmission of the biretta to Cardinal Gibbons by Monsignor Marchetti, the papal ablegate. Brief addresses were made by both the participants in this affair.

#### Procession to Cathedral.

While this was in progress a procession was formed in front of Calvert hall, a block away, in which were ranged in the order named the seminarians, priests, Franciscan and Augustinian monks, the members of the faculty in the Catholic university in Washington, abbots, bishops and finally the archbishops, the purple and gold of their rich vestments added brilliancy to the scene. Later they moved through Cathedral to Charles street, passing the palace of the cardinal, where they were joined by his eminence, clad in full ecclesiastical paraphernalia, who took his place last in the line. Thence the procession moved to the main entrance of the cathedral. The cardinal-elect meanwhile had entered the building through a rear door and advanced to meet the procession at the altar rail. The cardinal and the cardinal-elect saluted each other, and each sought the throne provided for him. That of Cardinal Gibbons occupied the gospel side of the altar, while that of the cardinal-elect was placed upon the epistle side.

Monsignor Marchetti, upon the conclusion of the reading of the briefs, advanced to Cardinal Gibbons' throne and delivered an address. At its conclusion Cardinal Gibbons descended from his throne and advanced to the front of the altar, accompanied by his attendants, bearing the biretta. Martinelli rose and, escorted by the members of the noble guard and the papal chamberlains, walked toward Cardinal Gibbons, before whom he knelt and bowed his head. Slowly lifting the biretta from the silver salver upon which it rested, Cardinal Gibbons unfolded it and held it high in order that the congregation might see it. Then stooping and, with what seemed to be a softly murmured prayer, he placed it upon the head of the cardinal-elect, who rose, and, advancing to the front of the altar, made a brief address.

#### Clad in Cardinal Robes.

The newly made cardinal, who up to this time had worn the vestments of an archbishop, retired to the inner sanctuary and in a few moments returned clad in his cardinalial robes. Almost immediately afterwards he divested himself of these and appeared in the white and gold vestments of the mass in which he was to pontificate. Assisted by his priests and deacons, he conducted this in the presence of the large audience. The sermon was delivered by Archbishop Ryan, of Philadelphia, after which Cardinal Gibbons pronounced the benediction and the ceremony was ended.

#### No Change in Puddling Scale.

Youngstown, O., May 9.—At the bi-monthly conference between representatives of the Amalgamated association, the Republic Iron and Steel company and the American Steel Hoop company an examination of the reports presented by the manufacturers of the sales of bar iron during March and April showed that the prices received would not warrant any change in the scale which has been in force for the past two months. The price for puddling for May and June, the closing months of the scale year, will be \$4.87½ and no change in the scale for finishers.

#### O'Connell Bishop of Portland, Me.

Dennis O'Connell as rector of the American college at Rome, in 1896.

# JOINED BY OHIOANS

Presidential Party Met by Gov. Nash and Other Buckeye State Men.

## LONG ALSO WITH THE TOURISTS

Brilliant Receptions in California Towns, in Which Flowers Are Used Effectively—President and Mrs. McKinley Guests of Editor Otis.

Los Angeles, Cal., May 9.—Today the president and his party were to witness the floral parade and in the afternoon a visit was to be paid to the Soldiers' home at Santa Monica. It was expected the party will leave Los Angeles early tomorrow morning.

Los Angeles, Cal., May 9.—No words can picture the beauty of the rich sun-flooded valleys between snow-capped peaks, the orange groves of the Santa Ana and the trees and flowers which the president and party saw Wednesday. Nature seemed to have adorned herself for the occasion in her brightest colors. Governor Gage and the California congressional delegation met the president at Redlands, in the San Bernardino valley, about 9 o'clock Wednesday morning, and welcomed him to the state.

Through an avenue lined with palms and venetian masts the president was driven over beds of roses, beneath a triumphal arch of flowers and fruit to the Casa Lima hotel, on the balcony of which the exercises took place. A drive through the orange groves and parks followed. All along the route of the drive ladies showered the president and Mrs. McKinley with flowers and through the streets they bombarded him from the windows with confetti until the air was a perfect maze of color. From Redlands down to Los Angeles every station was crowded by children with wreaths of flowers in their hands, and by cheering men and women. Brief stops were made at Colton, Ontario and Pomona, and about 2:30 o'clock the train drew into Los Angeles.

### A Noisy Welcome.

The approach to the city of Los Angeles was heralded by a terrific din, which could be heard for miles. Steam whistles screamed, cannon boomed, and as the train passed through the Chinese quarter of the city long strings of firecrackers, hung from awnings, exploded like the continuous rattle of musketry. The city had been beautifully decorated in honor of the president's coming. The festa was in progress here. The colors of the carnival, red, yellow and green, representing the wine, orange and olive, predominated. The streets were avenues of masts, festooned with yellow bunting and crowned with palm leaves and wreaths of laurel. At the station the party was met by the citizens' committee and many distinguished people from all over California. General Shafter, commander of the department of the Pacific, with his entire staff, in full uniform, had come down from the Presidio to greet the president. Secretary of the Navy Long, who was to have met the party at San Francisco, also came here to meet the president, and was at the station. The party was driven in carriages to the Vannuyes hotel. An escort of artillery and several companies of militia had been provided to escort them, but both the military and police had to fight their way through the enormous crowds that had swarmed into the city, drawn by the double attraction of the president's visit and the carnival. At the hotel the police were obliged to literally force a way to the entrance. There the president met Governor Nash, of Ohio, and the Ohio congressional delegation, which had arrived by different routes about an hour before. In the rotunda of the hotel the mayor of Los Angeles formally greeted the chief executive and extended to him the freedom of the city. The president responded.

### Stopped With General Otis.

The president then held a short public reception in the parlors of the hotel. Meantime Mrs. McKinley and the ladies of the party had been driven to the Woman's club, in Figueroa street, where they met some ladies. Last evening the president and Mrs. McKinley dined at "Bivouac," the handsome residence of General Harrison Gray Otis, and, after dinner, a private reception was held there in their honor. They spent the night at the Bivouac.

Governor Nash held a public reception at the chamber of commerce. Late in the afternoon some of the members of the president's party ascended Mount Low, 6,000 feet high, whence they had a bird's-eye view for about 70 miles of Southern California and the Pacific ocean about 20 miles out to sea. Last night the members of the cabinet and other members of the party witnessed a brilliant illumination in some streets. Some confetti was thrown by some merry rioters.

### Primitive Methodist Appointments.

Wilkesbarre, Pa., May 9.—The conference of the Primitive Methodist church, in session at Plymouth, has made the following appointments for Pittsburg district: Pittsburg—First, J. N. Reeseigh; Second, Mr. S. Morgan; Third and Carnegie, A. Cook.

New Castle, R. Wilcox; Irwin and Bessemer Terrace, W. D. Williams; Sewickley, Thomas Wilson; Westmoreland City, J. Trescott; Shawnee and Buckingham, T. H. Adams; Houtzdale, A. Iverson; Glen Richey, J. Pritchard; Niles, J. McCormick; Straitsville, care of district.

## SUICIDE ENDS FLIGHT.

FUGITIVE CLEVELAND BANKER SUICIDED AT SEATTLE.

The Condition of the Institution Is as Yet a Matter of Conjecture.

Seattle, Wash., May 9.—A man believed to be R. N. Pollock, the missing bank president from Cleveland, ended his life here in the Hotel York, by sending a bullet through his brain. A razor, a box of rough on rats and a phial containing about 100 tablets of aconite were found at hand.

Papers belonging to the man had been burned before committing the deed. Pollock appeared well dressed, had \$30 in money in his pocket. He appeared to have been 30 years old, with a light complexion and wearing a small brown moustache.

Pollock arrived here and registered as James Fisher. He failed to appear during the next day and his room was finally broken into. Lying in a reclining position was found the body. The coroner was called in. The deceased had not apparently stirred after firing the fatal shot. No clue could be obtained in the room, and the name of R. N. Pollock was found sewed on the inside of his coat, placed there by a Cleveland, O., tailor.

Cleveland, May 9.—R. N. Pollock, who killed himself in Seattle, was the president of the Cuyahoga Savings and Banking company, of this city. He was 38 years old, married and had three children. He was the promoter of the bank, which closed its doors last Monday. Pollock disappeared 10 days ago and had not been definitely placed until the news of his act of self-destruction reached this city last evening.

The condition of the bank is as yet a matter of conjecture, its books being in the hands of the receiver, who is making an examination, and whose report is expected in a day or two. The bank had deposits to the extent of \$340,000. This sum of money was not in the bank's possession at the time rumors of its weakness were feared, and to avoid the inevitable outcome of an immediate demand for a large sum of money the directors decided to suspend business and a receiver was appointed. Other Cleveland bankers, it is said, would have gone to the assistance of the Cuyahoga Savings bank had it been asked for. The bank was not prominent in the city's financial institutions, being located in the residence district and its deposits being for small sums. The receiver of the bank stated that Pollock did not take the money that was in the bank at the time of his leaving the city, and it is believed that, knowing that a crisis was near, Pollock sought safety in flight.

The United States Carbon company, which went into the hands of a receiver on account of the failure of the bank, is said to be not seriously involved, and it is expected to resume operations soon with increased facilities.

### BILLIARD CUES.

How They Are Made—America Furnishes the Best.

"Most billiard cues," said a New York manufacturer the other day, "are made in two pieces—the cue proper and the handle. The cue is made generally of maple, and the butt, which is wedge shaped, is inserted into a handle of rosewood, snakewood, ebony, mahogany, walnut or some other fancy dark wood, which is cut to dovetail with the long part.

"The maple wood used in making the handles is sawed into suitable lengths and seasoned. The logs are then split into pieces from which the handles are made. These pieces are called bolts. The bolts are sawed approximately to the shape of the handle to be finally made, and in this shape they are handle blocks. The handle block is turned to the shape of the handle in a lathe, and when the butt has been fitted it is finished and polished.

"The finest and best cues are fitted to the handle or butt by means of a double wedge. At the top of the cue is a ferrule of ivory, of horn or bone, in which the leather tip is fitted. While the ivory ferrule is the most expensive, of course it is less durable than the horn or bone ferrules, which are less liable to crack. The extra workmanship on cues is put in on the butts, some of which are elaborately inlaid and carved in beautiful patterns.

"There are a number of billiard players who will not permit another person to use their cues, and for the use of these particular players cues are turned out from which the tips may be unscrewed, leaving the cue with unfinished points and useless.

"American billiard cues are the lightest, strongest and neatest made anywhere in the world. They are made in all weights and lengths and rank in price from 30 cents to \$25 and more each, according to the quality and finish of the article.—Washington Star.

## REALTY IS CONE

The Little Funny Man Left the City. Did a Good Business During His Stay Here.

Matt Realty, of Akron, who has been in this city for several weeks past, left for Pittsburg Wednesday. He was known by the sobriquet of "Shorty" and sold pencils for a livelihood.

Realty's both legs are cut off at the knees. While employed as brakeman on a railroad he was thrown under a train, the wheels of several cars passing over him. "Shorty" is very popular in this city, and is credited with being one of the wittiest men in the country.

Instead of deploring his misfortune in the loss of his legs, "Shorty" says he considers himself as being lucky. He gives numerous reasons why he is fortunate in being minus his "pins," and says he has no "kick" coming at all. He also finds great comfort in the fact that his pantaloons do not bag at the knees, and he is not troubled with corns or bunions.

Positive Proof From East Liverpool Can't Be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof in his own city is preeminently ahead of endorsements from everywhere else in our republic. Read this:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and I had given up all hope of being cured when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at W. & W. pharmacy, and after taking half of it I could see some improvement. I continued and the treatment did me more good than anything I ever used."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Presidential Party Met by Gov. Nash and Other Buckeye State Men.

## LONG ALSO WITH THE TOURISTS

Brilliant Receptions in California Towns. In Which Flowers Are Used Effectively—President and Mrs. McKinley Guests of Editor Otis.

Los Angeles, Cal., May 9.—Today the president and his party were to witness the floral parade and in the afternoon a visit was to be paid to the Soldiers' home at Santa Monica. It was expected the party will leave Los Angeles early tomorrow morning.

Los Angeles, Cal., May 9.—No words can picture the beauty of the rich sun-flooded valleys between snow-capped peaks, the orange groves of the Santa Ana and the trees and flowers which the president and party saw Wednesday. Nature seemed to have adorned herself for the occasion in her brightest colors. Governor Gage and the California congressional delegation met the president at Redlands, in the San Bernadino valley, about 9 o'clock Wednesday morning, and welcomed him to the state.

Through an avenue lined with palms and venetian masts the president was driven over beds of roses, beneath a triumphal arch of flowers and fruit to the Casa Lima hotel, on the balcony of which the exercises took place. A drive through the orange groves and parks followed. All along the route of the drive ladies showered the president and Mrs. McKinley with flowers and through the streets they bombarded him from the windows with confetti until the air was a perfect maze of color. From Redlands down to Los Angeles every station was crowded by children with wreaths of flowers in their hands, and by cheering men and women. Brief stops were made at Colton, Ontario and Pomona, and about 2:30 o'clock the train drew into Los Angeles.

### A Noisy Welcome.

The approach to the city of Los Angeles was heralded by a terrific din, which could be heard for miles. Steam whistles screamed, cannon boomed, and as the train passed through the Chinese quarter of the city long strings of firecrackers, hung from awnings, exploded like the continuous rattle of musketry. The city had been beautifully decorated in honor of the president's coming. The festa was in progress here. The colors of the carnival, red, yellow and green, representing the wine, orange and olive, predominated. The streets were avenues of masts, festooned with yellow bunting and crowned with palm leaves and wreaths of laurel. At the station the party was met by the citizens' committee and many distinguished people from all over California. General Shafter, commander of the department of the Pacific, with his entire staff, in full uniform, had come down from the Presidio to greet the president. Secretary of the Navy Long, who was to have met the party at San Francisco, also came here to meet the president, and was at the station. The party was driven in carriages to the Vannoyes hotel. An escort of artillery and several companies of militia had been provided to escort them, but both the military and police had to fight their way through the enormous crowds that had swarmed into the city, drawn by the double attraction of the president's visit and the carnival. At the hotel the police were obliged to literally force a way to the entrance. There the president met Governor Nash, of Ohio, and the Ohio congressional delegation, which had arrived by different routes about an hour before. In the rotunda of the hotel the mayor of Los Angeles formally greeted the chief executive and extended to him the freedom of the city. The president responded.

### Stopped With General Otis.

The president then held a short public reception in the parlors of the hotel. Meantime Mrs. McKinley and the ladies of the party had been driven to the Woman's club, in Figueroa street, where they met some ladies. Last evening the president and Mrs. McKinley dined at "Bivouac," the handsome residence of General Harrison Gray Otis, and, after dinner, a private reception was held there in their honor. They spent the night at the Bivouac.

Governor Nash held a public reception at the chamber of commerce. Late in the afternoon some of the members of the president's party ascended Mount Low, 6,000 feet high, whence they had a bird's-eye view for about 70 miles of Southern California and the Pacific ocean about 20 miles out to sea. Last night the members of the cabinet and other members of the party witnessed a brilliant illumination in some streets. Some confetti was thrown by some merry rioters.

### Primitive Methodist Appointments.

Wilkesbarre, Pa., May 9.—The conference of the Primitive Methodist church, in session at Plymouth, has made the following appointments for Pittsburgh district: Pittsburgh—First, J. N. Reseigh; Second, Mr. S. Morrison; Third and Carnegie, A. Cook.

New Castle, R. Wilcox; Irwin and Bessemer Terrace, W. D. Williams; Sewickley, Thomas Wilson; Westmoreland City, J. Trescott; Shawnee and Buckingham, T. H. Adams; Houtzdale, A. Iverson; Glen Richey, J. Pritchard; Niles, J. McCormick; Straitsville, care of district.

## SUICIDE ENDS FLIGHT.

FUGITIVE CLEVELAND BANKER SUICIDED AT SEATTLE.

The Condition of the Institution Is as Yet a Matter of Conjecture.

Seattle, Wash., May 9.—A man believed to be R. N. Pollock, the missing bank president from Cleveland, ended his life here in the Hotel York, by sending a bullet through his brain. A razor, a box of rough on rats and a phial containing about 100 tablets of aconite were found at hand.

Papers belonging to the man had been burned before committing the deed.

Pollock appeared well dressed, had \$30 in money in his pocket. He appeared to have been 30 years old, with a light complexion and wearing a small brown moustache.

Pollock arrived here and registered as James Fisher. He failed to appear during the next day and his room was finally broken into. Lying in a reclining position was found the body. The coroner was called in. The deceased had not apparently stirred after firing the fatal shot. No clue could be obtained in the room, and the name of R. N. Pollock was found sewed on the inside of his coat, placed there by a Cleveland, O. tailor.

Cleveland, May 9.—R. N. Pollock, who killed himself in Seattle, was the president of the Cuyahoga Savings and Banking company, of this city. He was 38 years old, married and had three children. He was the promoter of the bank, which closed its doors last Monday. Pollock disappeared 10 days ago and had not been definitely placed until the news of his act of self-destruction reached this city last evening.

The condition of the bank is as yet a matter of conjecture, its books being in the hands of the receiver, who is making an examination, and whose report is expected in a day or two. The bank had deposits to the extent of \$340,000. This sum of money was not in the bank's possession at the time rumors of its weakness were feared, and to avoid the inevitable outcome of an immediate demand for a large sum of money the directors decided to suspend business and a receiver was appointed. Other Cleveland bankers, it is said, would have gone to the assistance of the Cuyahoga Savings bank had it been asked for. The bank was not prominent in the city's financial institutions, being located in the residence district and its deposits being for small sums. The receiver of the bank stated that Pollock did not take the money that was in the bank at the time of his leaving the city, and it is believed that, knowing that a crisis was near, Pollock sought safety in flight.

The United States Carbon company, which went into the hands of a receiver on account of the failure of the bank, is said to be not seriously involved, and it is expected to resume operations soon with increased facilities.

### BILLIARD CUES.

How They Are Made—America Furnishes the Best.

"Most billiard cues," said a New York manufacturer the other day, "are made in two pieces—the cue proper and the handle. The cue is made generally of maple, and the butt, which is wedge shaped, is inserted into a handle of rosewood, snakewood, ebony, mahogany, walnut or some other fancy dark wood, which is cut to dovetail with the long part.

"The maple wood used in making the handles is sawed into suitable lengths and seasoned. The logs are then split into pieces from which the handles are made. These pieces are called bolts. The bolts are sawed approximately to the shape of the handle to be finally made, and in this shape they are handle blocks. The handle block is turned to the shape of the handle in a lathe, and when the butt has been fitted it is finished and polished.

"The finest and best cues are fitted to the handle or butt by means of a double wedge. At the top of the cue is a ferrule of ivory, of horn or bone, in which the leather tip is fitted. While the ivory ferrule is the most expensive, of course it is less durable than the horn or bone ferrules, which are less liable to crack. The extra workmanship on cues is put in on the butts, some of which are elaborately inlaid and carved in beautiful patterns.

"There are a number of billiard players who will not permit another person to use their cues, and for the use of these particular players cues are turned out from which the tips may be unscrewed, leaving the cue with unfinished points and useless.

"American billiard cues are the lightest, strongest and neatest made anywhere in the world. They are made in all weights and lengths and rank in price from 30 cents to \$25 and more each, according to the quality and finish of the article.—Washington Star.

## REALTY IS GONE

The Little Funny Man Left the City. Did a Good Business During His Stay Here.

Matt Realty, of Akron, who has been in this city for several weeks past, left for Pittsburg Wednesday. He was known by the sobriquet of "Shorty" and sold pencils for a livelihood.

Realty's both legs are cut off at the knees. While employed as brakeman on a railroad he was thrown under a train, the wheels of several cars passing over him. "Shorty" is very popular in this city, and is credited with being one of the wittiest men in the country.

Instead of deploring his misfortune in the loss of his legs, "Shorty" says he considers himself as being lucky. He gives numerous reasons why he is fortunate in being minus his "pins," and says he has no "kick" coming at all. He also finds great comfort in the fact that his pantaloons do not bag at the knees, and he is not troubled with corns or bunions.

The little man did a good business during his stay in this city. He visits here twice each year.

The case went to the jury last night and in eight minutes a verdict of guilty was returned. Brown was charged with breaking into the house of Mrs. Williams during the night of April 2, choking and badly injuring her. Even on the advice of his attorney, Brown refused to plead guilty. Judge Hole, as soon as the verdict was rendered, sentenced Brown to five years in the penitentiary at hard labor. Brown is 18 years of age. The evidence introduced, showing that he was intoxicated when he committed the assault and attempted burglary, may be used in a damage action against a prominent East Liverpool saloonkeeper.

Joseph Geisse, a Wellsville saloonkeeper, withdrew his plea of not guilty to the 12 indictments against him, and entered a plea of guilty on each charge. Geisse was fined \$50 and costs and given 10 days in the workhouse on each of six charges, making \$300 in fines and 60 days. Six cases were nollied. He has been in the saloon business only four months.

John Arthur Davids, of Wellsville, also withdrew his plea of not guilty and was fined \$50 and costs on each of three indictments. Two indictments were nollied.

The charge against Hettie Geisse, of Wellsville, for Sunday selling, was nollied.

Thomas Marietta, of East Liverpool, was charged with selling to a habitual drunkard. He pleaded guilty and

was fined \$25 and costs. He is a new saloonkeeper.

John Michaels, of East Liverpool, furnished liquor to a habitual drunkard, pleaded guilty, and was fined \$50 and costs and ordered committed to the Canton workhouse until paid.

James Caton, of East Liverpool, pleaded guilty to selling to a habitual drunkard and was fined \$20 and costs.

Richard Gibb, of Salem, said he was guilty of assault and battery and paid a fine of \$25 and costs.

Court today appointed Thomas Atchison and James Atchison as executors of the estate of Eliza Atchison, of Unity township. Bond in the sum of \$6,000 was filed. Joseph E. Ward, Adolph Mascher and O. L. Butts are the appraisers.

Eli Bauman was appointed administrator of the estate of the late Samuel Bauman, of Knox township, to fill the vacancy caused by the death of John Bauman, former executor. A bond of \$6,800 was required.

Laura H. Williams, administrator of the estate of the late Dr. L. O. Williams, of East Liverpool, was authorized to complete a real estate contract entered into by the deceased. The land to be conveyed is 150 acres in Madison township, to John Y. Williams, of Alliance, a brother of Dr. Williams.

Harry Kemp is now on trial in common pleas court on the charge of burglary committed at the home of Mrs. Rachel Gee, at Salem, a short time ago. All of the witnesses were examined and the most convicting evidence was given by the negro himself, who told the jury that he had been around the Gee residence on the light in question, but said he was in an intoxicated condition and was irresponsible. The case was given to the jury about 2 o'clock.

## ITALIAN WOMAN IS STILL IN JAIL

Was Arraigned This Morning, and Further Hearing Deferred Until Tomorrow.

## MRS. PRICE MAY BE PRESENT

The Prisoner Greatly Alarmed on Learning That She Is Likely to Go to the Penitentiary—Actions Peculiar—Talks of Killing Somebody.

The Italian woman who assaulted Mrs. William Price a few days since, was arraigned before Mayor Davidson this morning to answer to a charge of assault and battery with intent to kill. The woman says her name is not Dill, but that it is Matursh. As she is unable to speak English it was impossible for the mayor to converse with her.

Tony Ross was secured to act as interpreter. Mayor Davidson read the charge to Ross, who in turn read the affidavit to the accused woman. She at once pleaded guilty to the charge, but it was the opinion of the mayor that she did not fully realize the significance of the charge. The interpreter gave Mrs. Matursh a full understanding of the matter, and she then denied any intention of killing Mrs. Price. She admitted having assaulted the woman, but said she did not mean to kill her.

The accused woman said Mrs. Price had a knife at the time the assault was made, and for this reason she used a stone. Her story of the affair differed in every way from that told by others who witnessed it, and the mayor decided to hold the woman until Mrs. Price is able to get down to the city hall. She will probably be present at the hearing tomorrow.

It is evident Mrs. Matursh does not realize the enormity of her crime, for the reason she insisted that she be allowed her freedom by paying \$17, which she has in her possession. When told that she was likely to be sent to the penitentiary the woman became frightened.

A reporter attempted to get an admission from the Italian woman to substantiate the claim of her husband that she had been arrested in Italy for having committed assault. She refused to say anything, however, and gave her husband a severe reprimand for having talked about her.

At times the woman becomes vicious her cell, and talks about killing somebody. Again, she will take to brooding and shed tears. The infant which is with her in the iron cage is apparently enjoying itself.

## SCENE OF A TRAGEDY.

Entrance Gained to an English Mine Where 204 Lives Were Lost.

Massillon, May 9.—Matt Legg, of North Lawrence, has received a letter from a relative in Hartley, Northumberland county, England, in which it is stated that an entrance has finally been made to the famous Hartley colliery, abandoned in 1862, at which time 204 men lost their lives by the caving in of the shaft. The colliery was entered through the extension of the workings of another mine.

There are miners in the Massillon district who worked in and about Hartley, and who had relatives among the victims of the terrible disaster. The three Wendlass brothers, uncles of Robert Legg, of East Greenville, were among the killed.

## DECLARED OFF.

The Conkle-Shumaker Wrestling Match at Salem Did Not Materialize.

Salem, May 9. — (Special.)—The wrestling match between Charles M. Conkle, of East Palestine, and Fred Shumaker, of Cleveland, which was to have taken place at the opera house last evening, was declared off after a good deal of wrangling. The East Palestine man, in the opinion of Shumaker and others, wanted the earth. He demanded that he be allowed the stakeholder and the referee and made other conditions to which Shumaker would not consent.

As a compromise the gate receipts were divided and the match declared off. The dispute nearly led to trouble. Shumaker challenged Conkle to wrestle then and there for \$500 a side, but he would not accept.

## PACKERS WON

Two Base Ball Teams of the Dresden Pottery Got Together at Rock Springs Ground.

The base ball clubs composed of the packers and decorators in the Dresden pottery, played a game at Rock Springs Wednesday afternoon. The packers came out victoriously and worsted their competitors by a score of 28 to 17.

Thomas McNicol, who did the catching for the packers, made several "grand stand" plays and was rewarded with vociferous applause. His work at the bat was worth going miles to see. All told, Tommy was pretty near the whole thing.

## MILLER MUCH BETTER.

Minerva Man Will Probably Be Able to Attend Staub's Trial.

The condition of Andrew Miller, who was shot some time ago by Charles Curtis Staub, is considerably improved. A few days ago his condition was such that he wanted to get out of his bed and eat dinner at the table. A nurse is constantly with him.

Advices from Minerva state that Miller is able to walk around the house, and will probably be able to attend the trial, which will take place next week. The date has not been set, but the trial will take place within 10 days.

## HASHISH VICTIMS IN EAST LIVERPOOL.

The startling discovery has been made that several young men of East Liverpool have become addicted to the use of the deleterious and dangerous drug, variously known under the names of hashish, India hemp and cannabis indica.

The drug is widely known among scientific men and is much used in the Orient for its narcotic and intoxicating effects. It is said to induce pleasant visions and remarkable dreams, but is extremely dangerous, and more harmful in its effects than opium or any other of the well known narcotics.

It comes from reliable authority that at least two well-known young men of this city and an elderly man have become so addicted to the use of the drug as to greatly impair their physical and mental ability. One man was so overcome by an overdose of the deadly drug that he lay for 48

## BOARD OF TRADE TO REORGANIZE

Extra Effort to Be Made to Induce Manufacturers to Locate In East Liverpool.

## A MASS MEETING FRIDAY NIGHT

Will Be Held at the Council Chamber, at Which Every Citizen is Urged to Be Present—Several Propositions Received.

A meeting will be held at the council chamber Friday evening, at which time an effort will be made to reorganize the city board of trade. Attorney G. Y. Travis is sending out postal cards urging every citizen who is interested in the matter of booming the city be present at the meeting.

This is a move that will meet with the hearty cooperation of every public-spirited individual. For many months past the board of trade seems to have only existed in name, and it is the opinion of many people that the city's interests have not received the attention which should have been given.

It is the intention of those who are actively interested in reorganizing the board to make extra efforts to induce more manufacturing establishments to locate in East Liverpool. It is said several propositions from manufacturers in different cities have been received, and with the proper push and enterprise it is believed they can be brought here.

The meeting at the council chamber is set for 7:30 o'clock.

## SAILED FOR AFRICA

Rev. R. E. Beetham Will Found a University, Backed By the British Empire.

Canton, May 9.—On Wednesday Rev. R. Emory Beetham, of Cadiz, sailed via England for South Africa, where he will found a university, which is to be backed by the British empire.

Mr. Beetham is a son of Rev. John Beetham, former pastor of the Lawrence avenue church of this city, now of Jewett, O. He is 27 years of age. Mr. Beetham was selected for this work by Bishop Hartzell, under whom all the work of the Methodist church in South Africa is moving, and he will become president of the new university following its establishment.

The object of the founding of the university is to build up a school of such a character that the English in South Africa need not send their children to Europe to be educated. The seminary or college is to be situated at New Umtali, Rhodesia.

## FOSTER BANKRUPT

EX-GOVERNOR OWES \$747,000 AND HAS NO ASSETS.

Petition in Voluntary Bankruptcy Filed in United States Court at Toledo.

Toledo, May 9.—Charles Foster, twice governor of Ohio and once secretary of the United States treasury, who broke up in booming his native town of Fostoria, has filed application to go into voluntary bankruptcy. He appeared in the office of the clerk of the United States court about 2 o'clock yesterday accompanied by his attorney, Judge John McCauley, of Tiffin, and arranged to file his application. But the formal filing of the schedules of indebtedness was delayed until the necessary signing up could be attended to. It was learned in advance that the indebtedness sworn to amounts to \$747,008.34, and that the distinguished applicant claims to have no property left with which to offset the indebtedness.

The ex-governor seemed in his usual spirits, notwithstanding this evidence of his financial reverse, and, while waiting to attend to signing the papers, spoke of going on a fishing trip today to Middle Bass.

New faces of criminals are received at police headquarters every few days, and Chief Thompson has about 250 now in his possession.

Kemler McQuirsh, a Scandinavian, whose home is at Jethro, fell through the C. & P. railroad bridge over Jethro creek, Wednesday afternoon, and was picked up in an unconscious state.

The man is said to have been under the influence of liquor, and attempted to cross the bridge while unable to walk without staggering.

When picked up, McQuirsh was suffering greatly and it was thought he was hurt internally. An investigation disclosed that his shoulder blade was broken, and aside from a few bruises he otherwise escaped injury. A surgeon dressed the injured man's wounds.

The wedding was followed by a reception and supper at the home of the groom, after which the happy couple left for a short honeymoon in the east, and will probably visit the Pan-American exposition on their return trip.

Mr. and Mrs. Cuthbert will make their home at Pleasant Heights, in the West End.

### A HUGE GERANIUM

Raised by Chai Peterson And Sold Yesterday Afternoon.

The largest geranium ever sold in the West End, or perhaps in this city, was purchased by a Wellsville lady at Chai Peterson's green house yesterday afternoon. The plant was more than four feet high, and had several blossoms upon it that measured seven inches across. Mr. Peterson says it is the largest one he ever raised. Plants of this size are too expensive for the general trade.

Robinson, the acknowledged King of Showmen, purchased a herd of four educated elephants from Hagenback. Their act is now a feature of the John Robinson show, which will exhibit at East Liverpool Tuesday, May 16.

## AFFAIRS IN A MUDDLE

Two Factions at War Over the Election of Wellsburg Councilmen.

Wellsburg, W. Va., May 9.—The operations of the new city charter and the failure of the council to fully understand it has thrown city affairs into a muddle. The charter says that 12 new councilmen should be elected, but only six were provided for on the ballots. The Republicans elected four of those.

After the election, the error was discovered, and the council selected six of the former Republican members to fill out the quota of a dozen, the vote being on party lines. The Democrats contend that the six Democratic candidates voted for and defeated at the election are elected.

## A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world-famed Dr. Chase's recipe book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength.

## BLOW TO BALLOT REFORM.

The Guffey Bill Hadn't Enough votes to Pass in Pennsylvania House.

Harrisburg, May 9.—The order of business in the house Wednesday was house and senate bills on third reading and final passage. The Voorhees bill providing for a submission to a vote of the people at the November election the question of changing the location of the capitol from Harrisburg to Philadelphia was taken up at the morning session on a special order for third reading and final passage. After debate it was defeated by a vote of 75 to 103.

The Fox capitol completion bill was reported to the house Wednesday afternoon from the committee on public buildings with an amendment that the state shall erect its own lighting and heating plant and will be read the first time on Friday. The bill as it passed the senate appropriates \$5,000,000 to complete the state house by a commission, one of whom shall be a Democrat, to be appointed by Governor Stone.

The Guffey ballot bill was taken up by the house for third reading and final passage. After debate, the measure failed on final passage by a vote of 95 to 87, 103 being necessary to passage. ## WALL STREET PANICS.

BOTH BULLS AND BEARS HAVE RIOTOUS EXPERIENCES.

Recent Great Buying of Northern Pacific Apparently Merely Speculative—Gave Chilly Shock.

New York, May 9.—The stock market Wednesday offered the novel spectacle of a bear panic and a bull panic in progress side by side. The bear panic in Northern Pacific was the impelling cause of the demoralized rush to sell other stocks, which was held in check for a time after the astounding opening in Northern Pacific, but which gained almost panic force in the late trading. Prices were not toppled over as a direct result of culling of loans and forced liquidation, such as often culminate a period of over speculation, although there was a very general broadening of margins and added severity in the scrutiny of collateral, as was inevitable in the uneasy conditions prevailing, but it was evident that the holders of long stock were holding their stocks tenaciously and were waiting to be actually forced out. The punishment which was being inflicted on the shorts in Northern Pacific was so distressing in example as to keep the bears in a timid frame of mind and they hesitated to attack the market. The support which came in on the opening dip helped to encourage the bulls and intimidate the bears, but the liquidation seemed so large that the bears took courage and attacked the market after midday and secured rich returns.

## Margins Wiped Out.

As the recession in prices reached the 10 point line the decline gathered force, showing the dislodging of long lines of long stock by the wiping out of margins, with the resulting wiping out of the ordinary margin. The chaotic condition into which the market was thrown became alarming in the afternoon, but the determined support which developed and the resultant rallies, which reached as much as eight points in one or two instances, took away the effect to a partial extent of the disorderly drop in prices and even induced expressions from some of the more confident bulls that the health of the market was greatly improved as a result of the day's happenings. The apparently unlimited buying orders which appeared in United States Steel preferred when the decline had reached 12 points and the resulting rally of 8½ points gave some of the bull speculators the courage to claim that the day's reaction was really engineered by the powerful financial interests which have been behind the bull market throughout with a desire to shake off weak followers and that it was not out of proportion to the unprecedented advances which had preceded it, to the unequalled conditions which at present obtain in this country and to the prodigious dimensions of the market and of the forces which have been at work in it. It was the contrary view that collapses such as that of Wednesday do not tend to attract new buying demand by such reasoning as that prices are more attractive at lower prices.

## Shock to the Market.

It came with a chilly shock to the speculation that the country's great financial forces, which it was supposed were earnestly working in accord to secure a community of interests in the whole railroad world, were in fact arrayed against each other in measures of bitter retaliation and antipathy. The Burlington deal, on which such far-reaching conclusions have been based by the speculators, was seen to be in jeopardy.

The broad intimation was carried by the disclosures growing out of the Northern Pacific development that the recent great buying of stocks was for the most part wholly speculative and without the supposed basis in investment purposes. Ad to this the growing restrictions of the money supply, continued insatiable demands from the stock speculation, inroads upon the narrow bank surplus by the taking up of the revenue surplus of the government, a further shipment of gold to Europe Wednesday, and growing uneasiness among money lenders as to the stability of values of the securities which they held as collateral, and the delicacy of the position was easily seen. It is not surprising, therefore, that the shock of the Northern Pacific episode, coming upon this situation, toppled prices over. Northern Pacific Wednesday morning was at 180. It was at 143½ at Tuesday night's close and 132 for the London parity Wednesday morning. This stock was up to that figure and back to the opening figure of 155 within about 15 minutes. It went as low as 145 afterward and as high again as 170, closing at 160. The close corner into which the shorts were crowded of course explained this movement.

## Severe Sufferers in Slump.

Among the severest sufferers in the afternoon slump may be mentioned St. Paul, which fell 19½; Union Pacific, 17½; Rock Island, 14; Missouri Pacific, 15; United States Steel preferred, 12; Delaware and Hudson, 19; Amalgamated Copper, 12½; Pullman, 11½; Illinois Central, 11; Burlington, 10½; Brooklyn Rapid Transit, 10½; Kansas and Texas, 10; Western Union, 10, and other stocks all the way up to 10 points. The final rally reduced most of these losses considerably, but the closing showed speculative sentiment still in much disorder and prices were breaking anew

## THE CANTEN MUST GO.

Secretary Root has issued strict orders that the new law abolishing the army canteen shall be enforced at all military posts. Many army officers, and even a few chaplains, have insisted that the canteen is a good thing, and should be kept in existence. Their theory is that the soldiers will drink, and if they cannot have their wants supplied within the camp, will go outside and patronize the questionable resorts which always flourish in the vicinity of every military post. They hold that enforcement of the law will tend to increase intoxication and be subversive of discipline. Be this as it may, the law is on the statute books, and it is the duty of the secretary of state to enforce it. It will not take long to give it a thorough test and to ascertain beyond a doubt whether the military supporters of the canteen or the temperance people who antagonize it are in the right. If it is a bad law, the more diligently it is enforced, the sooner it will be repealed. It has been enacted in obedience to the wishes of tens of thousands of Christian people and should be given a thorough test ere it is rejected.

Although the army rules are very strict and intoxication among soldiers is severely punished, drinking goes on, and does more harm than enemy's bullets or the hardships of long marches. The problem is difficult to deal with, and it is not reasonable to suppose that any legislation will solve it completely. A step in the right direction would be the appointment of none but men of known temperate habits to positions as army officers. A reform of this sort would be worth more than the enactment of scores of army laws.

## A LAW-DEFYING MAYOR.

The prosperous and pleasant old city of Zanesville, the metropolis of the Muskingum valley, is just now getting free advertising of a most undesirable sort. Zanesville, a city largely made up of order-loving, respectable, Christian people, is in the hands of the law-defying element, and worse yet, that element has the backing and leadership of the mayor. He is giving out interviews, which are being telegraphed from Maine to California, stating that he was elected by people who favor gambling, the operation of slot machines, liquor selling on Sunday, cock-fighting and everything else that goes toward making up what is popularly styled "a wide open town." He does not propose to antagonize the people who elected him, but will let the city be run according to their wishes. Consequently violations of the law in manifold form are to continue while he is in office.

The mayor is to blame, but scarcely less so than the people, who, knowing his platform and his principles, suffered him to be elected. The mayor is a Democrat, and owes his election, in a Republican town, to factional differences in the Republican ranks and a combination of so-called reformers. The citizens of Zanesville have made their bed and must lie in it unless they can relieve their situation by

legal means. Next time they hold an election they will probably be wiser.

"The Democratic party," says the Louisville Post, a Democratic newspaper, "as now organized, is a reactionary party, and has no part in the present and no faith in the future." Come to think of it, wasn't that always the status of the Democracy when it was out of office? Seems to us it is the sentiment reflected in Democratic platforms for the last 40 years.

C. M. Schwab will expend a part of his \$1,000,000 salary for the benefit of the town where he got his start in the world. He will devote \$75,000 to the establishment of an industrial school at Homestead, and that town may yet become distinguished for something besides iron products.

Prof. Crook, of Evanston, now denies that he ever said that he never hugged or kissed a woman or a girl, and we hasten to set Crook straight before the public that the world may cease to pity him.

A Southern Democratic newspaper calls Tom L. Johnson "a bumptious rowdy." If this were said of a southern man, blood would flow.

An army of American school teachers is invading the Philippines, with glorious conquests ahead of it.

Telling the truth is the most difficult effort of some men's lives.

## NINETEEN INITIATED

Important Meeting of Woodmen of the World—Monuments to Be Unveiled.

The Woodmen of the World met last evening in Red Men's hall and had a large and interesting session. M. D. Roche, Ohio state deputy of the order, was here from Cleveland and addressed the lodge in a most excellent speech. Nineteen candidates were initiated, and arrangements were made for the unveiling of two monuments erected in honor of deceased members of the order in this city on Sunday, May 19.

The founder of the order, Joseph C. Root, of Omaha, Neb., will be invited to come here to the unveiling and will probably accept, as he will be at Columbus all next week in attendance at the Sovereign Grand Lodge convention.

Deputy Roche instituted the lodge here about a year ago and its growth has been phenomenal. The present membership is 150. There have been three members lost by death.

The deceased members are T. H. Stevens, M. C. Everson and J. N. Huffman. Monuments for Stevens and Everson have been selected and that for Huffman will be chosen today.

Dr. George D. Arnum was elected collector for the rest of the year.

She was born at Braddock's Field, now the city of Braddock, Pa., in 1814, and was 87 years of age last Sunday. Her death was due to the infirmities of age. She is survived by four children—Mrs. John C. Baum, Mrs. J. M. Orr and Rochester Dickey, of this city, and George Dickey, of Wellsville. The funeral services will be held from the residence of Mr. Baum on Saturday afternoon at 2 o'clock, Rev. Dr. Clark Crawford officiating. The remains can be viewed from 7 until 9 Friday evening.

Mrs. Joanna Hoskins.

Mrs. Joanna, wife of Ferron Hoskins, died at her home on First avenue, East End, at 12 o'clock, aged 72 years, from a complication of diseases. As the condition of Mrs. Hoskins was considered serious, two sons, Samuel and Titus, were summoned from Martin's Ferry, arriving on the noon train, but were too late to be at the bedside of their mother before the end came. Three other sons, who reside at Zanesville, will arrive in the city this evening to attend the funeral, arrangements for which have not yet been made. Interment will be made at Wheeling, W. Va.

Miss Kittie Boyd.

Mrs. George Allison, of Chester, today received word of the death of her sister, Miss Kittie Boyd, at her home, three miles back of Hookstown. Her death was sudden, as she had only been ill for about three days. Mr. and Mrs. George Allison left today to attend the funeral.

## FUNERAL CANCELED.

Woman Thought Dead Is Now Believed to Be Alive.

Springfield, O., May 9.—Last night arrangements for the funeral of Mrs. John Wilborn were canceled on account of the temperature of the corpse remaining almost normal during the day. An effort will be made to bring her back to life.

Mrs. Wilborn was found apparently dead lying across her daughter at 2 o'clock this morning. The girl is ill, and the mother, in the best of health, went to give her medicine, but fell prostrate across her child while trying to administer it.

## FIRE BRICK PLANT.

Proposition to Erect One at Mud Point on the Ohio.

Toronto, May 9.—Al Freeman, of Steubenville, was at Freeman's Station Tuesday afternoon, testing a number of fire clays for men in the vicinity of Pittsburg. It is stated Mr. Freeman is also interested with a number of capitalists who contemplate the erection of a plant at Mud Point, mouth of Holbert's Run, on the opposite side of the river.

This is on the site of one of the first brick yards operated successfully for many years by the Freeman Bros., of whom there were three or four.

### MORROW WAS DROWNED

BADLY DECOMPOSED BODY OF A NEW CUMBERLAND LAD

Found in the River at Steubenville Yesterday—A Mystery in the Case.

Steubenville, May 9.—The badly decomposed body of Charles Morrow, aged 13, of New Cumberland, W. Va., who has been missing since March 18, was dragged from the river here yesterday. His grandfather, Samuel Morrow, who came here last night, says that there is a mystery connected with the boy's death and that he had no idea he was drowned. On the day he was missing young Morrow, with another boy and a man, crossed the river to Toronto in a johnboat to get whisky, and then returned. It was after the two had left the Morrow boy at the river bank that he disappeared.

### TRAVELED 27,000 MILES

New Cumberland Boy Back from the Philippines After Two Years of Service.

Harroy Holland, of New Cumberland, has just returned home from the Philippines after having been gone over two years, during which time he traveled 27,000 miles on railroads and steamships. He looks the picture of good health and is being warmly greeted by his many friends in that vicinity.

Mr. Holland enlisted in Company D, Twenty-third regiment, U. S. V., at Pittsburg, on July 18, 1899, and his regiment has just been mustered out of service after two years' active operations in the field. The regiment left Manila on the transport Thomas on March 17, and after a voyage of 47 days arrived in San Francisco.

During his service in the Philippines Mr. Holland marched over 2,100 miles through swamps and over mountains in pursuit of the wily Filipino. The natives still continue a guerrilla warfare and it may continue indefinitely, says Mr. Holland, who talks entertainingly of his experiences in Uncle Sam's new possessions. In two years Mr. Holland was ill only four days and escaped without a scratch from the many skirmishes and battles in which his regiment was engaged.

Charles Turner, also of New Cumberland, accompanied Mr. Holland as far as Chicago and is expected home tomorrow.

### A GOAT RAFFLED OFF.

William Barnhart Managed to Dispose of an Animal He Didn't Want.

William Barnhart has for some time been the owner of a goat, but last night he thought he would like to sell it. There being no one present who would pay his price he got up chances from 1 to 30, selling them for whatever the number was. It did not take him long to dispose of the chances, and at the drawing No. 24, held by T. R. Cunningham, was the lucky number.

Mr. Cunningham had no use for the goat and he sold it to E. E. Dornan, who is employed at the grocery store of O. O. Allison. Dornan has now ordered a wagon and harness and will use the goat to deliver groceries.

### Scattered the Pictures.

A picture agent had a buggy and horse out delivering his goods yesterday when the horse took fright on Broadway and ran off. At the Christian church the horse ran up on the side walk, upsetting the rig and spilling pictures all over the walk. The horse was stopped before any damage was done.

THREE TEACHERS AT GRANT STREET BUILDING OFF DUTY.

Reported That the Sanitary Condition of the Cellar Had Caused the Sickness, But This Is Untrue.

A report reached Health Officer Burgess this morning that the cellar of the Grant street school building had become flooded with water, and that several cases of typhoid fever had already resulted among the teachers and pupils.

Mr. Burgess, in company with a reporter, went to the school house and investigated. The cellar was found to be perfectly dry, and the sanitary condition of the building throughout in first-class condition.

Miss Orr, who has acted in the capacity of substitute, is lying at her home with a severe case of typhoid fever. Miss Kennedy and Mrs. Clemens, also teachers at the Grant street school, are off duty on account of sickness, as is also a number of pupils.

However, it is the opinion of the janitor, John Orr, that the prevailing illness among the teachers and pupils of that school is not due to any cause arising from the alleged unhealthy condition of the building. Though the cellar has at times been overflowed by water coming down from the gutter on Prospect street, it is at present perfectly dry. The closets are also kept in good shape.

The terrible condition of the single gutter on Prospect street is certainly a great menace to the health of the school children and to the entire community. The drainage is simply awful and the filthy waste water from the sinks of residents on the upper side of the street is sent pouring down onto the other side, where it lies stagnant. Council has long since promised to grade Prospect street, but as yet the work has not yet been done.

## TO MAINTAIN PEACE

In the Labor World a Board of Conciliation Is Proposed and Advocated.

### FRUITS OF A CONFERENCE

An Executive Committee to Be Selected to Carry Out Work of Organization—Mitchell and Others Made Speeches at Mass Meeting.

New York, May 9.—A mass meeting under the auspices of the committee of conciliation of the National Civic Federation was held last night at Cooper Union to further the movement inaugurated at the conference on Tuesday to form a national board of arbitration.

John Mitchell, the first speaker, was greeted with applause and cheers. He said in part:

"Nearly all of the strikes which have occurred could have been avoided if the employers and the representatives of labor organizations had conferred. We have learned in the bituminous coal regions to get together in annual convention and talk out our differences instead of fighting them out. Twelve men on each side met last year and in 11 days fixed the wages of 200,000 men, and the year before the same number raised the wages of the miners to the extent of \$20,000,000.

"I know there are those who believe there can be nothing in common between capital and labor. To those I say that the work of this conciliation committee will show that there is much in common between them for the good of both."

Samuel Gompers, president of the Federation of Labor, said in part:

"If we entertain a hope for ourselves, our children or our country we must organize. At one time the idea was held that all wealth must be extinguished. There is no accounting for taste. Some have so far bidden good-bye to their reason as to applaud the idea that wealth should be extinguished. We want justice, and nothing else. Employers have found trades unions an element so costly that they want peace as well as we."

#### A Socialist Broke Loose.

"We want force," yelled a man who had furnished previous interruptions, and many in the audience cheered.

Charles Sprague Smith came forward, and raising his hand called sharply for order. When he could make himself heard he said:

"The socialists have had their turn and we will let them have it again, but now I ask for order. I ask this little group of socialists to hold themselves in."

Mr. Gompers struggled through a number of further interruptions and finally got a hearing for his views as to arbitration.

"It will be a choice," said he, "between voluntary arbitration and compulsory arbitration; where jail will await those who will not work under a settlement ordered by the courts. Our experience of courts has not been such as to warrant us in placing our industrial interests in the hands of the gentlemen who preside on the bench."

William H. Sayward, secretary of the National Association of Builders, said, in part, that he felt certain that the plans devised by the committee of conciliation of the National Civic Federation would bear fruit in the drawing together of capital and labor and the prevention of strikes.

Herman Justi, commissioner of the Illinois Coal Operators' association spoke of the practical results achieved by a policy of conciliation in the bituminous coal fields and of the peace and happiness that prevailed in a region formerly devastated by bitter labor struggles.

#### Guffey Ballot Bill Lost.

At the meeting last night the national committee on conciliation and arbitration gave out its report. The report says that the purpose of the organization is to enter into active service in the cause of peace and harmony in the industrial world for the purpose of preventing strikes and lockouts. The report advocates full and frank conferences between employers and workmen, with the avowed purpose of reaching an agreement as to the terms of employment. It further says the aim is to establish and maintain a board of commission, composed of the most competent persons available, selected from employers and employees of judgment, experience and reliability, which shall be charged with carrying out the objects aimed at, and shall also be expected to make known to workmen and their employers that their counsel and aid will be available, if desired, in securing the co-operation, mutual understanding and agreement already indicated as the general purpose of the national committee.

The committee will select from its members an executive committee of 15 to direct the work of the organization.

#### A Heavyweight.

"And then," she said in telling of the romantic episode, "she sprang to his arms."

"She did?"

"Of course. Do you doubt it?"

"Oh, no," he replied, "but after seeing her I can't help thinking that it must have jarred him quite a bit."—Chicago Post.

## MARTINELLI CARDINAL.

RECEIVED RED BIRETTA AND DONNED HIS ROBES.

Great Gathering of Bishops, Priests and Others Witnessed Ceremony at Baltimore.

Baltimore, May 9.—Sebastian Martinelli, titular archbishop of Ephesus and cardinal-elect of the church of Rome, received the red biretta and donned the robes which will hereafter mark his rank. The ceremony, which is the second step in his elevation to his new rank, was marked by all the pomp and brilliancy usually attendant upon such occasions. It was held in the venerable cathedral, the first edifice of its kind erected upon American soil and in which the first American priest and the first American bishop were ordained. Among those who witnessed it were men and women prominent in every walk of life, diplomats, legislators, educators, journalists and ecclesiastics, the latter including half a score of archbishops, half a hundred bishops, priests, monks and seminarians. The initial step in the ceremony took place in the palace of the cardinal immediately prior to that held in the cathedral and consisted of the transmission of the biretta to Cardinal Gibbons by Monsignor Marchetti, the papal ablegate. Brief addresses were made by both the participants in this affair.

#### Procession to Cathedral.

While this was in progress a procession was formed in front of Calvert hall, a block away, in which were ranged in the order named the seminarians, priests, Franciscan and Augustinian monks, the members of the faculty in the Catholic university in Washington, abbots, bishops and finally the archbishops, the purple and gold of their rich vestments added brilliancy to the scene. Later they moved through Cathedral to Charles street, passing the palace of the cardinal, where they were joined by his eminence, clad in full ecclesiastical paraphernalia, who took his place last in the line. Thence the procession moved to the main entrance of the cathedral. The cardinal-elect meanwhile had entered the building through a rear door and advanced to meet the procession at the altar rail. The cardinal and the cardinal-elect saluted each other, and each sought the throne provided for him. That of Cardinal Gibbons occupied the gospel side of the altar, while that of the cardinal-elect was placed upon the epistle side.

Monsignor Marchetti, upon the conclusion of the reading of the briefs, advanced to Cardinal Gibbons' throne and delivered an address. At its conclusion Cardinal Gibbons descended from his throne and advanced to the front of the altar, accompanied by his attendants, bearing the biretta. Martinelli rose and, escorted by the members of the noble guard and the papal chamberlains, walked toward Cardinal Gibbons, before whom he knelt and bowed his head. Slowly lifting the biretta from the silver salver upon which it rested, Cardinal Gibbons unfolded it and held it high in order that the congregation might see it. Then stooping and, with what seemed to be a softly murmured prayer, he placed it upon the head of the cardinal-elect, who rose, and, advancing to the front of the altar, made a brief address.

#### Clad in Cardinal Robes.

The newly made cardinal, who up to this time had worn the vestments of an archbishop, retired to the inner sanctuary and in a few moments returned clad in his cardinalial robes. Almost immediately afterwards he divested himself of these and appeared in the white and gold vestments of the mass in which he was to pontificate. Assisted by his priests and deacons, he conducted this in the presence of the large audience. The sermon was delivered by Archbishop Ryan, of Philadelphia, after which Cardinal Gibbons pronounced the benediction and the ceremony was ended.

#### No Change in Puddling Scale.

Youngstown, O., May 9.—At the bi-monthly conference between representatives of the Amalgamated association, the Republic Iron and Steel company and the American Steel Hoop company an examination of the reports presented by the manufacturers of the sales of bar iron during March and April showed that the prices received would not warrant any change in the scale which has been in force for the past two months. The price for puddling for May and June, the closing months of the scale year, will be \$4.87½ and no change in the scale for finishers.

## JOINED BY OHIOANS

Presidential Party Met by Gov. Nash and Other Buckeye State Men.

## LONG ALSO WITH THE TOURISTS

Brilliant Receptions in California Towns, in Which Flowers Are Used Effectively—President and Mrs. McKinley Guests of Editor Otis.

Los Angeles, Cal., May 9.—Today the president and his party were to witness the floral parade and in the afternoon a visit was to be paid to the Soldiers' home at Santa Monica. It was expected the party will leave Los Angeles early tomorrow morning.

Los Angeles, Cal., May 9.—No words can picture the beauty of the rich sun-flooded valleys between snow-capped peaks, the orange groves of the Santa Ana and the trees and flowers which the president and party saw Wednesday. Nature seemed to have adorned herself for the occasion in her brightest colors. Governor Gage and the California congressional delegation met the president at Redlands, in the San Bernardino valley, about 9 o'clock Wednesday morning, and welcomed him to the state.

Through an avenue lined with palms and venetian masts the president was driven over beds of roses, beneath a triumphal arch of flowers and fruit to the Casa Lima hotel, on the balcony of which the exercises took place. A drive through the orange groves and parks followed. All along the route of the drive ladies showered the president and Mrs. McKinley with flowers and through the streets they bombarded him from the windows with confetti until the air was a perfect maze of color. From Redlands down to Los Angeles every station was crowded by children with wreaths of flowers in their hands, and by cheering men and women. Brief stops were made at Colton, Ontario and Pomona, and about 2:30 o'clock the train drew into Los Angeles.

### A Noisy Welcome.

The approach to the city of Los Angeles was heralded by a terrific din, which could be heard for miles. Steam whistles screamed, cannon boomed, and as the train passed through the Chinese quarter of the city long strings of firecrackers, hung from awnings, exploded like the continuous rattle of musketry. The city had been beautifully decorated in honor of the president's coming. The festa was in progress here. The colors of the carnival, red, yellow and green, predominated. The streets were avenues of masts, festooned with yellow bunting and crowned with palm leaves and wreaths of laurel. At the station the party was met by the citizens' committee and many distinguished people from all over California. General Shafter, commander of the department of the Pacific, with his entire staff, in full uniform, had come down from the Presidio to greet the president. Secretary of the Navy Long, who was to have met the party at San Francisco, also came here to meet the president, and was at the station. The party was driven in carriages to the Vanuys hotel. An escort of artillery and several companies of militia had been provided to escort them, but both the military and police had to fight their way through the enormous crowds that had swarmed into the city, drawn by the double attraction of the president's visit and the carnival. At the hotel the police were obliged to literally force a way to the entrance. There the president met Governor Nash, of Ohio, and the Ohio congressional delegation, which had arrived by different routes about an hour before. In the rotunda of the hotel the mayor of Los Angeles formally greeted the chief executive and extended to him the freedom of the city. The president responded.

### Stopped With General Otis.

The president then held a short public reception in the parlors of the hotel. Meantime Mrs. McKinley and the ladies of the party had been driven to the Woman's club, in Figueroa street, where they met some ladies. Last evening the president and Mrs. McKinley dined at "Bivouac," the handsome residence of General Harrison Gray Otis, and, after dinner, a private reception was held there in their honor. They spent the night at the Bivouac.

Governor Nash held a public reception at the chamber of commerce. Late in the afternoon some of the members of the president's party ascended Mount Low, 6,000 feet high, whence they had a bird's-eye view for about 70 miles of Southern California and the Pacific ocean about 20 miles out to sea. Last night the members of the cabinet and other members of the party witnessed a brilliant illumination in some streets. Some confetti was thrown by some merry rioters.

## SUICIDE ENDS FLIGHT.

FUGITIVE CLEVELAND BANKER SUICIDED AT SEATTLE.

The Condition of the Institution Is as Yet a Matter of Conjecture.

Seattle, Wash., May 9.—A man believed to be R. N. Pollock, the missing bank president from Cleveland, ended his life here in the Hotel York, by sending a bullet through his brain. A razor, a box of rough on rats and a phial containing about 100 tablets of aconite were found at hand.

Papers belonging to the man had been burned before committing the deed.

Pollock appeared well dressed, had \$30 in money in his pocket. He appeared to have been 30 years old, with a light complexion and wearing a small brown moustache.

Pollock arrived here and registered as James Fisher. He failed to appear during the next day and his room was finally broken into. Lying in a reclining position was found the body. The coroner was called in. The deceased had not apparently stirred after firing the fatal shot. No clue could be obtained in the room, and the name of R. N. Pollock was found sewed on the inside of his coat, placed there by a Cleveland, O., tailor.

Cleveland, May 9.—R. N. Pollock, who killed himself in Seattle, was the president of the Cuyahoga Savings and Banking company, of this city. He was 38 years old, married and had three children. He was the promoter of the bank, which closed its doors last Monday. Pollock disappeared 10 days ago and had not been definitely placed until the news of his act of self-destruction reached this city last evening.

The condition of the bank is as yet a matter of conjecture, its books being in the hands of the receiver, who is making an examination, and whose report is expected in a day or two. The bank had deposits to the extent of \$340,000. This sum of money was not in the bank's possession at the time rumors of its weakness were feared, and to avoid the inevitable outcome of an immediate demand for a large sum of money the directors decided to suspend business and a receiver was appointed. Other Cleveland bankers, it is said, would have gone to the assistance of the Cuyahoga Savings bank had it been asked for. The bank was not prominent in the city's financial institutions, being located in the residence district and its deposits being for small sums. The receiver of the bank stated that Pollock did not take the money that was in the bank at the time of his leaving the city, and it is believed that, knowing that a crisis was near, Pollock sought safety in flight.

The United States Carbon company, which went into the hands of a receiver on account of the failure of the bank, is said to be not seriously involved, and it is expected to resume operations soon with increased facilities.

### BILLIARD CUES.

How They Are Made—America Furnishes the Best.

"Most billiard cues," said a New York manufacturer the other day, "are made in two pieces—the cue proper and the handle. The cue is made generally of maple, and the butt, which is wedge shaped, is inserted into a handle of rosewood, snakewood, ebony, mahogany, walnut or some other fancy dark wood, which is cut to dovetail with the long part.

"The maple wood used in making the handles is sawed into suitable lengths and seasoned. The logs are then split into pieces from which the handles are made. These pieces are called bolts. The bolts are sawed approximately to the shape of the handle to be finally made, and in this shape they are handle blocks. The handle block is turned to the shape of the handle in a lathe, and when the butt has been fitted it is finished and polished.

"The finest and best cues are fitted to the handle or butt by means of a double wedge. At the top of the cue is a ferrule of ivory, of horn or bone, in which the leather tip is fitted. While the ivory ferrule is the most expensive, of course it is less durable than the horn or bone ferrules, which are less liable to crack. The extra workmanship on cues is put in on the butts, some of which are elaborately inlaid and carved in beautiful patterns.

"There are a number of billiard players who will not permit another person to use their cues, and for the use of these particular players cues are turned out from which the tips may be unscrewed, leaving the cue with unfinished points and useless.

"American billiard cues are the lightest, strongest and neatest made anywhere in the world. They are made in all weights and lengths and rank in price from 30 cents to \$25 and more each, according to the quality and finish of the article.—Washington Star.

## REALTY IS GONE

The Little Funny Man Left the City. Did a Good Business During His Stay Here.

Matt Realty, of Akron, who has been in this city for several weeks past, left for Pittsburg Wednesday. He was known by the sobriquet of "Shorty" and sold pencils for a livelihood.

Realty's both legs are cut off at the knees. While employed as brakeman on a railroad he was thrown under a train, the wheels of several cars passing over him. "Shorty" is very popular in this city, and is credited with being one of the wittiest men in the country.

Instead of deploring his misfortune in the loss of his legs, "Shorty" says he considers himself as being lucky. He gives numerous reasons why he is fortunate in being minus his "pins," and says he has no "kick" coming at all. He also finds great comfort in the fact that his pantaloons do not bag at the knees, and he is not troubled with corns or bunions.

The little man did a good business during his stay in this city. He visits here twice each year.

## CAN'T EVADE IT.

Positive Proof From East Liverpool Can't Be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof in his own city is preeminently ahead of endorsements from everywhere else in our republic. Read this:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and I had given up all hope of being cured when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at W. & W. pharmacy, and after taking half of it I could see some improvement. I continued and the treatment did me more good than anything I ever used."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

### Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around, but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Palm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by Alvin H. Bulger, drug gist.
